RE: Repealing Article 15-02 – Human Rights Commission

Dear Mayor and Commissioners,

Enclosed for your review and consideration is an ordinance repealing Article 15-02 of the Fargo Municipal Code relating to the Human Rights Commission (“HRC”). This ordinance is presented pursuant to the City Commission's motion at its June 22, 2026, meeting directing the City Attorney's Office to prepare the necessary ordinance repealing the provisions of the Fargo Municipal Code to conclude the HRC. Accordingly, the enclosed ordinance repeals Article 15-02 in its entirety.

As way of background, at its January 5, 2026, meeting, the City Commission directed the HRC, Native American Commission, and Arts and Culture Commission to evaluate their respective roles and report back with recommendations regarding their future. At the HRC's request, the City Commission granted a 60-day extension on March 2, 2026, to allow additional working sessions for the HRC to complete its evaluation.

On April 16, 2026, the HRC voted to recommend to the City Commission that the HRC remain in its current form and to pause meetings until after the June 9, 2026, election. Following the election, the City Commission revisited the matter at its June 22, 2026, meeting. At that meeting, Commissioner and HRC Liaison John Strand moved to conclude the Human Rights Commission and directed the City Attorney's Office to prepare the necessary ordinance repealing the provisions of the Fargo Municipal Code establishing the HRC. The motion passed.

Suggested Motion: I move to receive and file the enclosed ordinance repealing Article 15-02 of Chapter 15 of the Fargo Municipal Code relating to the Human Rights Commission and to place the ordinance on for first reading at the next regularly scheduled city commission meeting.

Sincerely,

Alissa R. Farol Czapiewski
Assistant City Attorney

Dear Commissioners:

Chapter 57-02.2 of the North Dakota Century Code provides for a property tax exemption for certain types of improvements made to existing buildings.

I have attached a copy of an application for real estate tax exemption of building improvements submitted by Andrew Zimmerman. A description of the types of improvements to be made are indicated on the application.

It is my opinion that the value of some of the improvements, referred to in the application, qualifies for the exemption. This exemption would be for 5 years.

The estimated annual tax revenue lost by granting the exemption, based upon the estimated cost of the improvements, would be about \$326 with the City of Fargo's share being \$55.

4. Prior to the hearing, Officer Layman drafted and signed an affidavit/declaration which explained the violation (previously provided).

5. The declaration was provided to the Fargo City Attorney, Ian McLean, within 14 days of the alleged violation.

6. The hearing on the violation was scheduled for the next regular meeting of the Fargo City Commission – August 3, 2026.

7. Angie Bear, Deputy City Auditor, sent the licensee a copy of Officer Layman's declaration and notice of the hearing via registered mail on July 28, 2026, which is more than 5 days before the City Commission hearing date on August 3, 2026.

8. Officer Layman testified that, during a compliance check, an underage individual was served an alcoholic beverage by an employee of the licensee. An opportunity for the licensee to speak was given, however, the licensee did not appear. An opportunity was given for members of the public to speak, however, no members of the public spoke.

9. This was Pounds' first offense in the probationary period. Fargo Municipal Code section 25-15-12(D) requires a \$500 administrative penalty for a first offense violation. However, because the server was server-trained and Pounds had no prior server training violations, this is a mitigating factor (NDCC § 5-02-10.1). Thus, the penalty must be less than it would be without the mitigation (NDCC § 5-02-10.1). The Auditor's Office recommended a \$250 administrative penalty. The Commission finds \$250 an appropriate penalty.

10. After considering the evidence, the Commission, in a 5-0 vote, adopted the following motion:

Find that Pounds, a business in the City of Fargo, which has a City of Fargo liquor license, served an individual alcohol, who was under the age of 21; Impose a penalty of \$250; and Direct the City Attorney's office to draft findings and an order consistent with the commission's determination.

Conclusions

11. All noticing and procedures under North Dakota Century Code and Fargo Municipal Code were properly followed.

12. The City of Fargo has jurisdiction over the licensee and the subject matter of this proceeding pursuant to applicable provisions of the North Dakota Century Code and Fargo Municipal Code.

13. A violation of North Dakota Century Code and Fargo Municipal Code relating to serving alcohol to a person under the age of 21 is established by a preponderance of the evidence.

Order

14. The licensee, Pounds, is found to have violated applicable provisions of the North Dakota Century Code and Fargo Municipal Code by serving alcohol to a person under the age of 21.

15. A \$250 administrative penalty is imposed.

16. This order must be served on the licensee.

17. The licensee's license is not suspended or revoked.

18. This order may be appealed to the district court by following the appeal procedure set forth in chapter 28-32, except that the order revoking or suspending the license is inoperative while the appeal is pending.

SETTLEMENT AGREEMENT AND RELEASE

This Settlement Agreement and Release (hereinafter "Agreement") is made and entered into by and between the City of Fargo, a North Dakota municipality ("City"), and Phoenix Fabricators and Erectors, LLC, an Indiana limited liability company ("Phoenix"). The above-named parties shall be collectively referred to herein as "the Parties."

RECITALS

- A. The City and Phoenix entered into a contract for Fargo Project No. WA1910, which consisted of construction of a new 2.5 million gallon composite elevated water storage tank, site building demolition, site utilities, mechanical, electrical, demolition of an existing 0.5 million gallon multi-leg elevated water storage tank and associated appurtenances (the "Project"). The constructed water storage tank is known as the "Downtown Water Tower".
- B. The effective date of the contract between the City and Phoenix was March 9, 2021, and was approved by the Fargo City Commission on April 19, 2021 (the "Contract"). The Contract provided a substantial completion date of October 15, 2023, with a final completion date of June 14, 2024. The Contract included a provision for the City to recover \$2,500 for each day that expired beyond the substantial and final completion dates stated in the Contract. The Contract also provided for progress payments to be made to Phoenix with a retainage amount of ten percent (10%).
- C. Phoenix did not complete the Project by the substantial completion date or final completion date provided in the Contract. A dispute arose between the City and Phoenix regarding the amount of final payment, liquidated damages, cause of delays, and other related matters.
- D. Phoenix contends it is owed the total amount of \$845,226.30 as final payment to close out the Project under the Contract. The City contends it is owed liquidated damages in an amount exceeding the final payment. The City is currently holding the amount of \$791,678.25 as retainage.
- E. The Parties disagree as to the validity, extent, and amount of the claims and wish to avoid the uncertainty, expense, and delay of litigation or other dispute resolution proceedings.
- E. The Parties mediated the dispute by private mediation held on May 12, 2026, in Fargo. The Parties were initially unable to reach a settlement during the mediation. Phoenix presented a post-mediation offer of settlement by letter dated July 10, 2026.
- F. The Parties now desire to enter into this Agreement to provide for a comprehensive and complete settlement and discharge of all claims and defenses which any party made or could have made by reason of the events described above and upon the terms and conditions set forth below.

AGREEMENT

The Parties agree as follows:

1.0 Release and Discharge

1.1 In consideration of the financial terms set forth below, Phoenix hereby releases and forever discharges, the City, its insurers, agents, representatives and employees, from any and all past, present, and future claims, demands, obligations, actions, causes of action, rights, damages, costs, interest, attorney's fees, expenses and compensation of any nature whatsoever related to the Project and the Contract, which Phoenix might have brought against the City and which could, in any way, arise out of the events described in the Recitals above.

1.3 The Parties acknowledge and agree that the release and discharge set forth above is a waiver of all claims and defenses the Parties might have asserted, and a general release regarding causes of action they might have brought regarding the events described in the above Recitals, including any obligation to pay damages, attorney's fees, and costs. It is understood and agreed by the Parties that this settlement is a compromise reached in order to resolve the disputes described in the Recitals above.

1.4 The Parties waive the provisions of N.D.C.C. § 9-13-02, or any similar or other applicable state or federal statute or regulation, which provides that a general release does not extend to claims a creditor does not know or suspect to exist in its favor at the time of executing the release, which if known by it, would have materially affected the settlement with the debtor.

1.5 This Agreement is entered solely for the purpose of compromising disputed claims and avoiding the expense and uncertainty of litigation. Nothing contained in this Agreement shall be construed as an admission by either of the Parties of any liability, fault, wrongdoing, breach of contract, or violation of law. Each party expressly denies any such liability, fault, wrongdoing, breach, or violation.

2.0 Financial Terms

- 2.1 The City will release to Phoenix a total amount of Four Hundred Thousand Dollars and No/Cents (\$400,000.00) from the funds currently being held by the City as retainage on the Project (the "Close Out Payment"). A final change order showing the adjusted final payment to close out the Project shall be included with the Close Out Payment. No other payments shall be made by the City to Phoenix.
- 2.2 The City will retain the remaining amount of the retainage in the amount of Three Hundred Ninety-One Thousand Six Hundred Seventy-Eight Dollars and 25/Cents (\$391,678.25).

- 2.4 To the extent Karen Klein Mediation, LLC has not yet been paid for providing mediation services to the Parties in regard to this matter, Phoenix shall pay for the mediation services within ten (10) business days after final execution of this Agreement.

3.0 Completion of Warranty Work

Phoenix hereby acknowledges and agrees that it will complete the warranty work on the Project as required by the terms and conditions of the Contract. Phoenix hereby acknowledges that it is in receipt of the warranty inspection report from the City and agrees to complete the warranty work before October 31, 2026.

4.0 Representation of Comprehension of Document

5.0 Warranty of Capacity to Execute Agreement

- C.** The City Commission approved acquisition of 635 Harwood Drive South on or about May 26, 2015.
- D.** On March 27, 2017, the City Commission passed a Resolution of Necessity authorizing the commencement of eminent domain/condemnation proceedings to acquire 635 Harwood Drive South.
- E.** The Kesselring Trust is the owner of real estate located at 635 Harwood Drive South in the City of Fargo, situated in the County of Cass and State of North Dakota, and legally described as follows:

Lot 2, Block 1, less the westerly 74.83 feet thereof, all of Lot 3, Block 1, and the northwesterly 10 feet of Lot 4, Block 1, all in Harwood Groves Sixth Addition to the City of Fargo, Cass County, North Dakota.

("Subject Property").

- F.** The Kesselring Trust answered the Complaint on March 10, 2025. The Kesselring Trust disputed necessity and just compensation.
- G.** The Parties mediated the dispute by private mediation held on July 9, 2026. The Parties were thereafter able to reach a settlement and entered a Mediation Memorandum of Settlement Agreement dated July 22, 2026.
- H.** The Parties now desire to enter into this Settlement Agreement to provide for a comprehensive and complete settlement and discharge of all claims and defenses which

any party made or could have made by reason of the events described above and upon the terms and conditions set forth below.

AGREEMENT

The Parties agree as follows:

1.0 Release and Discharge

- 1.1** In consideration of the payment amount set forth below, the Kesselring Trust, on behalf of its settlors, trustees, beneficiaries, heirs and assigns, hereby releases and forever discharges, the City of Fargo, its insurers, agents, representatives and employees, from any and all past, present, and future claims, demands, obligations, actions, causes of action, rights, damages, costs, expenses and compensation of any nature whatsoever related to the Subject Property, which the Kesselring Trust might have brought against the City of Fargo as pertains to the condemnation action in Case No. 09-2025-CV-00698 and which could, in any way, arise out of the events described in the Recitals above.
- 1.2** In further consideration of the payment amount set forth below, the Kesselring Trust specifically waives any rights to any further statutory moving, relocation, and replacement housing expenses, which may have been available under N.D.C.C. § 54-01.1-03 and N.D.C.C. § 54-01.1-04, or any applicable federal law. In addition, the Kesselring Trust waives any additional attorney fees, statutory costs, and filing fees not otherwise described herein.
- 1.3** The City of Fargo, in exchange for obtaining a conveyance of the Subject Property in fee simple, hereby releases and forever discharges the Kesselring Trust, its settlors, trustees, beneficiaries, heirs and assigns, from any and all past and present claims, causes of action, demands, damages, costs, expenses and compensation related to the Subject Property. This release is not intended to apply to any future claims pertaining to or resulting from the Kesselring Trust's continued occupancy of the Subject Property as provided for herein.
- 1.4** The Kesselring Trust acknowledges and agrees that the release and discharge set forth above is a waiver of all claims and defenses the Kesselring Trust, its settlors, trustees, and beneficiaries might have asserted in Case No. 09-2025-CV-00698, and a general release regarding causes of action they might have brought regarding the events described in the above Recitals, including any obligation to pay damages, attorney's fees, and costs. It is understood and agreed by the parties that this settlement is a compromise reached in order to finally resolve the action described in the Recitals above.
- 1.5** The Parties waive the provisions of N.D.C.C. § 9-13-02, or any similar or other applicable state or federal statute or regulation, which provides that a general release does not extend to claims a creditor does not know or suspect to exist in its favor at the time of executing the release, which if known by it, would have materially affected the settlement with the debtor.

2.0 Payment Terms

- 2.1** The City of Fargo will pay to the Kesselring Trust the total purchase amount of Three Million Dollars and No/Cents (\$3,000,000.00) for the Subject Property (the "Acquisition Payment"). The City of Fargo's purchase of the Subject Property shall include the real estate, the dwelling located upon the Subject Property, all other buildings located upon the Property, and all items affixed to the Subject Property.
- 2.2** In addition to the Acquisition Payment, the City of Fargo will pay to the Kesselring Trust the amount of Twenty-Five Thousand Dollars and No/Cents (\$25,000.00) for moving and relocation expenses. The City of Fargo will also pay to the Kesselring Trust the actual attorney's fees and expert expenses incurred by the Kesselring Trust since January 1, 2017, in an amount not to exceed One Hundred and Twenty-Five Thousand Dollars and No/Cents (\$125,000.00). The amount to be paid for moving expenses, attorney's fees, and expert expenses shall be referred to herein as the "Additional Expenses Payment."
- 2.3** The Acquisition Payment for the Subject Property and the Additional Expenses Payment are to be paid to the Kesselring Trust at closing in cash or certified funds and upon delivery of a Trustee's Deed warranting title and conveying the Subject Property to the City of Fargo, free and clear of all mortgages, liens, and encumbrances, except all covenants, conditions, restrictions, easements, and right of ways of record. No other payments shall be made by any party.
- 2.4** The Kesselring Trust hereby agrees to provide unto the City an abstract of title to ensure marketable title. The City shall pay for the cost of continuation of the abstract of title to the Subject Property to a recent date. The abstract of title must show the Kesselring Trust to have good and marketable title free and clear of all liens and encumbrances (other than those that will be paid at closing). The closing shall take place within sixty (60) days of the complete execution of this Settlement Agreement by the Parties but may be extended by the City in the event of a title defect impacting the City's ability to obtain marketable title within the sixty (60) day period. The City of Fargo shall acquire ownership of the Subject Property on the day of closing, subject to the Kesselring Trust's continued occupancy until July 1, 2029, in accordance with the terms herein and the Occupancy Agreement attached hereto as Exhibit A, which is hereby incorporated and made part of this Settlement Agreement.
- 2.5** Any and all mortgages, liens, and encumbrances against the Subject Property (except for real estate taxes and special assessments) will be paid by the Kesselring Trust from the Acquisition Payment at the time of closing and the Kesselring Trust shall then receive the balance of the Acquisition Payment, less other incidental closing costs, on the date of closing.
- 2.6** The real estate taxes for the year in which closing occurs shall be prorated between the Parties, based on the most current tax information available from

the County Treasurer, as of the date of closing. The City of Fargo shall be responsible for real estate taxes for the date of closing and thereafter. The City of Fargo shall also be responsible for insuring the Property for liability and other purposes from the date of closing and thereafter.

3.0 Terms for Occupancy Beyond Date of Closing

- 3.1** The City of Fargo agrees to allow Deborah J. Kesselring to continue her occupancy of the Subject Property after closing until July 1, 2029. Neither the Kesselring Trust nor Deborah J. Kesselring will be required to pay rent to the City of Fargo for this permitted period of occupancy. The Kesselring Trust and/or Deborah J. Kesselring, however, must obtain a policy of tenant's insurance or other similar coverage on the Subject Property for the period of time of her continued occupancy. The City shall be named as an additional insured on the policy.
- 3.2** If Deborah J. Kesselring decides to vacate the Subject Property prior to July 1, 2029, the Kesselring Trust shall notify the City of Fargo at least thirty (30) days prior to vacation of the Subject Property. In the event Deborah J. Kesselring vacates prior to July 1, 2029, then at such time of her vacation of the Subject Property possession will revert entirely to the City of Fargo and the City of Fargo may elect to immediately commence demolition of the house and other structures located upon the Subject Property and proceed with construction of flood protection measures upon the Subject Property.
- 3.3** Upon the period of occupancy for Deborah J. Kesselring terminating, she and the Kesselring Trust shall immediately vacate the premises and remit all keys and garage door openers to the City of Fargo by no later than three (3) business days thereafter.
- 3.4** Deborah J. Kesselring will occupy the Subject Property "as is." The Kesselring Trust and Deborah J. Kesselring shall pay all utilities to the Subject Property until such time as they vacate the Subject Property. The Kesselring Trust and/or Deborah J. Kesselring shall be solely responsible for all maintenance, repairs, and upkeep of the Subject Property that she desires or feels necessary for her continued occupancy. The Kesselring Trust and/or Deborah J. Kesselring are not obligated to perform any particular maintenance or upkeep except as necessary to abide by applicable City ordinances, including but not limited to snow and ice removal, lawn care, and control of noxious weeds, and to avoid the Subject Property becoming a nuisance or danger to public safety. The City of Fargo shall not be responsible for any maintenance, upkeep, or repairs of any kind to the Subject Property or any buildings, fixtures, or mechanical systems located upon the Subject Property. If the Subject Property, for any reason, becomes uninhabitable, the Kesselring Trust's and Deborah J. Kesselring's sole remedy is to vacate the Subject Property.

- 3.5 The Kesselring Trust agrees that the City of Fargo will not be responsible for security or protection of the Subject Property during the post-closing occupancy period, including providing any flood protection for the structures located upon the Subject Property. The Kesselring Trust and Deborah J. Kesselring hereby acknowledge that during the period of post-closing occupancy if there is a flood emergency that requires the City to construct flood protection in the area of the Subject Property, such flood protection measures, including but not limited to a temporary clay levee, will be erected in such a manner as to leave the Subject Property on the river side of the line of protection, and the City may need to disconnect services, including sewer and water, to the Subject Property to protect public infrastructure. The City shall not be responsible for restoring, repairing, or reconstructing any structures located on the Subject Property to a habitable condition if such structures are flooded during the period of occupancy by Deborah J. Kesselring, nor will the City be responsible for any damage to personal property in the event of a flood. The City will remove the temporary clay levee from the neighborhood if one is erected during a flood event.
- 3.6 The Kesselring Trust shall be allowed to remove and keep any personal property from the Subject Property, including but not limited to plants, landscaping materials, cabinets, light fixtures, building materials, appliances, and other structural materials from the interior and exterior of the home, so long as such property is removed prior to the Kesselring Trust/Deborah J. Kesselring vacating the Subject Property. Prior to removal of any personal property, the Kesselring Trust must notify the City so the City Engineer may confirm such removals will not impact the structural integrity of the home, result in termination of mechanical services to the home, nor leave any open holes in the home that will jeopardize the security of the home or Subject Property. Notwithstanding the foregoing, the Kesselring Trust may remove windows and doors from the home so long as any such holes in the exterior walls are filled or otherwise covered and secured. Mechanical appurtenances serving the structure, including but not limited to the sump pumps, furnaces, gas lines, sewer lines, and water lines, shall be left in place to ensure the removal of materials does not create a liability for contractors removing the remainder of the home after the period of post-closing occupancy ends.

4.0 Representation of Comprehension of Document

In entering into this Settlement Agreement and Release, the Parties represent that they have relied upon the advice of their attorneys, who are attorneys of their own choice, concerning the legal consequences of this Settlement Agreement; that the terms of this Settlement Agreement have been completely read and explained by their attorneys; and that the terms of this Settlement Agreement are fully understood and voluntarily accepted.

5.0 Warranty of Capacity to Execute Agreement

The Kesselring Trust represents and warrants that no other person or entity has any interest in the Subject Property, causes of action, or defenses referred to in this Settlement Agreement; that the Kesselring Trust, acting through its Trustees, Deborah J. Kesselring and Bell Bank, has the sole right and exclusive authority to execute this Settlement Agreement and receive the sums specified herein; and that the Kesselring Trust has not sold, assigned, transferred, conveyed or otherwise disposed of any of the Subject Property or premises, which is the subject of this Settlement Agreement.

6.0 Governing Law

This Settlement Agreement shall be construed and interpreted in accordance with the laws of the State of North Dakota.

7.0 Additional Documents

All parties agree to cooperate fully and approve and execute any and all supplementary documents and to take all additional actions which may be necessary or appropriate to give full force and effect to the basic terms and intent of this Settlement Agreement, including, but not limited to, a Stipulation for Dismissal with prejudice and without costs or attorney's fees to any party in the action listed in the Recitals above, as well as a proposed Order of Dismissal and proposed Judgment of Dismissal.

8.0 Entire Agreement and Successors in Interest

This Settlement Agreement and Release contains the entire agreement between the Kesselring Trust, its settlors, trustees, and beneficiaries and the City of Fargo, its insurers, employees, agents and representatives with regard to the matters set forth in it and shall be binding upon and inure to the benefit of the trustees, beneficiaries, executors, administrators, personal representatives, heirs, successors and assigns of each.

Re: Improvement District No. BN-25-C1 - Change Order #5 & Time Extension

Background:

Improvement District No. BN-25-C1 will provide City infrastructure for the development of new commercial properties within and surrounding Dakota Commerce Center North Addition.

Dakota Underground is the Prime Contractor on this project.

A portion of the project is to replace a check valve leading to the lagoons that was installed in 1972. The existing check valve that is proposed to be replaced with a rubber flapper valve is on a force main that is designed to fill the lagoons from the bottom. Because the line enters below the lagoon cell floors, replacing the valve requires the lagoon water levels to be lowered significantly. Current pH levels are typical for this time of year, but exceed NDDOH permit discharge limits. Suspended solids also remain elevated due to an algae bloom. These conditions are preventing additional lagoon discharge without risking permit noncompliance. Until water quality conditions improve and discharges can resume, the lagoon levels cannot be reduced to the point required for the work.

Proceeding with the valve replacement under the current conditions would present an unacceptable level of operational and environmental risk. Delaying the install until lagoon levels can be safely lowered is the most prudent course of action and will help ensure the work can be completed without compromising regulatory compliance.

Engineering is proposing to move the installation of the 30" Flap Valve and associated work from the Substantial Completion Date of August 8, 2026 to a revised Final Completion Date of November 14, 2026. We believe this will give enough time to discharge from the lagoons in compliance with permits to allow for installation of the valve.

During the design and bidding phases of the project, a bid item for an asphalt connection between a new driveway and existing parking lot was not included as a separate bid item. Dakota has received a quote from Hubert Oye & Sons Asphalt Paving to complete the grading and asphalt installation in the amount of \$3,630.32 including Prime Contractor markup.

We have reviewed the submittal and agree that the cost of \$3,630.32 is appropriate for performing the work.

The additional cost will be Special Assessed to benefitting properties.

No additional days are required to complete the asphalt work.

Recommended Motion:

Approve Change Order #5 in the amount of \$3,630.32, for the additional work, and to move the installation of the rubber flapper valve to the proposed revised Final Completion Date as shown below:

PUBLIC WORKS PROJECTS EVALUATION COMMITTEE

Improvement District No.: BR-26-F1

Type: Window Well Abandonment

Location: 35 4th Street North

Date of Hearing: 7/27/2026

The Committee reviewed the accompanying correspondence from Project Manager, Rick Larson, regarding window well abandonment at 35 4th Street North.

While performing a site inspection earlier this summer, a void between the building and the sidewalk at 35 4th Street North revealed a 5' deep void. A site visit in the basement revealed 4 window wells that have been boarded up on the north side of the building along NP Avenue. After discussion with the Property Owner, we asked them to hire a contractor to fill the 3 eastern most window wells with compacted gravel so no voids below the new sidewalk would exist when poured back in place and agreed to pay for the City's portion based off of current policy (80% up to \$10,000). The owner was unable to get a quote for this work and asked that we have PARAS Contracting add this work to the project.

The City Attorney's Office has created a Hold Harmless and Indemnification Agreement. Staff is seeking approval of the agreement and for the work at 35 4th Street North to be added as a project cost with the City's financial obligation up to a maximum value of \$10,000 per site.

On a motion by Brenda Derrig, seconded by Susan Thompson, the committee voted to recommend approval of the Hold Harmless and Indemnification Agreement with TTC Building, LLC, with an added agreement addressing payment.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and approve the Hold Harmless and Indemnification Agreement and the Financial Reimbursement and Special Assessment Agreement with TTC Building, LLC.

Memorandum

To: Members of PWPEC
From: Rick Larson, Project Manager
Date: July 22, 2026
Re: Improvement District No. BR-26-F1 - Window Well Abandonment at 35 4th Street North
TTC Building, LLC of Fargo, North Dakota

Background:

Improvement District No. BR-26-F1 is for the reconstruction of NP Avenue North from 2nd Street North to just east of 4th Street North. This project is for the replacement of the water main and services, sanitary sewer main and services, storm sewer main and inlet leads, concrete curb & gutter, sidewalk, driveways and street scape.

PARAS Contracting of Fargo is the Prime Contractor.

While performing a site inspection earlier this summer, a void between the building and the sidewalk at 35 4th Street North reveled a 5' deep void here. A site visit in the basement of this property revealed a total of 4 window wells that have been boarded up on the north side of this building along NP Avenue. After discussion with the Property Owner, we asked them to hire a contractor to perform this work and agreed to pay for the City's portion based off of current policy (80% up to \$10,000). Patrick Buell with TTC Building, LLC reached out to me asking if we could have PARAS perform this work since he could not get a contractor to quote this work. Patrick stated that he would sign a hold harmless agreement if the City agreed to add this work to the project.

After working with the City's Attorney's Office, a Hold Harmless and Indemnification Agreement was developed, sent, and signed by Patrick Buell at TTC Building, LLC.

If approved, we would have the City's Contractor, PARAS Contracting, fill the 3 eastern most window wells with compacted gravel so no voids below the new sidewalk exist when the new sidewalk are poured back in place. The western most window well would not be addressed this year since it is outside of our project limits, but could be addressed and filled with a future City project as soon as next year.

Recommended Motion:

Recommend acceptance of the Hold Harmless and Indemnification Agreement and approval for the filling of 3 window wells as a project cost at 35 4th Street North – TTC Building, LLC of Fargo North Dakota with the City's financial obligation up to a maximum value of \$10,000 per site.

City and TTC are each referred to herein individually as a "Party" and collectively herein as the "Parties."

Recitals

WHEREAS, TTC is the owner of certain real property located at 35 4th Street North, Fargo, ND 58102 (the "Property").

WHEREAS, the Property contains four below-grade window wells along the north side of the building abutting N.P. Avenue, which are currently filled and either partially or wholly located within the public right-of-way.

WHEREAS, the four below-grade window wells constitute encroachments into the public right-of-way.

WHEREAS, the City is currently engaged in a project along N.P. Avenue adjacent to the Property whereby the City is replacing public utilities and road reconstruction.

WHEREAS, the City requested TTC remove the encroaching four below-grade window wells.

WHEREAS, TTC wishes to fill in the four below-grade window wells to remove the encroachments but has been unable to identify a contractor to undertake the work.

WHEREAS, the Parties acknowledge that the work may result in unforeseen consequences to the Property, including but not limited to compaction failure, settlement, subsidence, structural damage, water intrusion, drainage issues, or other property damage.

WHEREAS, Owner acknowledges that the City or its contractor is willing to fill in the window wells as an accommodation to Owner, and not as a service for which the City assumes liability.

WHEREAS, the City or its contractor, at this time, is willing to fill in three of the four below-grade window wells during the City's ongoing project in exchange for TTC holding the City harmless and indemnifying the City from any and all losses which may be occasioned as a result of the work.

NOW, THEREFORE, in consideration of the terms, conditions, rights, and obligations as contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Subject to the terms and conditions of this Agreement, the City or its designated contractor agrees to fill in three of the four existing below-grade window wells located on the north side of the Property abutting N.P. Avenue during the existing project, to be completed in 2026. The three easternmost window wells will be filled in during the existing project in 2026. The City and its designated contractor shall determine, in its sole discretion, the methods, materials, equipment, and schedule for the fill-in work. The City may also agree in the future to fill in the fourth below-grade window well located on the north side of the Property during a future public utility and road reconstruction project anticipated to benefit 4th Street North.

2. The City makes no representation, warranty, or guarantee regarding the quality, suitability, durability, or effectiveness of the fill-in work. The City does not warrant that the fill-in work will be free from defects, that compaction will be adequate or permanent, that settlement or subsidence will not occur, or that the Property will not suffer any adverse consequences as a result of the work.

3. The City's performance of the work does not create any duty, obligation, or liability on the part of the City with respect to the condition, stability, safety, or structural integrity of the Property. The City has no obligation to inspect, monitor, repair, or maintain the Property or any improvements thereon. TTC hereby releases and holds harmless the City from any and all duties, obligations, liabilities, claims, causes of action, damages, losses, expenses, whether arising in contract or negligence, resulting from the City's performance of the work hereunder.

4. TTC acknowledges and agrees that it bears the sole responsibility for assessing the risks to the Property associated with the fill-in work, for taking any protective or remedial measures TTC deems necessary or appropriate, and for the condition of the Property before, during, and after the fill-in work. TTC acknowledges and agrees that it is entering into this Agreement voluntarily and with full knowledge of the risks associated with the fill-in work, such risks to include, but not be limited to, compaction or backfill failure, settlement, subsidence, voids, collapse, structural damage, cracking, shifting, water accumulation and damage, moisture intrusion, foundation damage, mold, diminished value, insurability, marketability, and usability of the Property.

5. TTC acknowledges that it has had the opportunity to conduct, or to retain qualified professionals to conduct, independent investigations, inspections, tests, and analyses regarding the condition of the Property, the nature and location of the window wells, and the potential consequences of the fill-in work. TTC further acknowledges that the City has not made, and TTC has not relied upon, any representations, warranties, or assurances from the City regarding any such matters.

6. TTC, on behalf of it and its successors, assigns, agents, representatives, insurers, and all persons claiming by, through, or under TTC, hereby forever releases, waives, discharges, and covenants not to sue the City or its designated contractor from and against any and all claims arising out of, resulting from, or in any way related to the fill-in work.

7. TTC shall indemnify, defend, and hold harmless the City and its designated contractor from and against any and all claims asserted by any third party (including without limitation tenants, invitees, contractors, lenders, insurers, or other persons claiming an interest in or right to use the Property) arising out of, resulting from, or in any way related to the fill in work,

resultant property damage, condition of the Property before, during, or after the fill-in work is completed, any act or omission of TTC or its agents, employees, tenants, or invitees, and any other matter arising out of or relating to the subject matter of this Agreement. TTC's indemnification obligations include, without limitation, all damages, judgments, awards, settlements, costs, expenses, reasonable attorneys' fees (including fees for appellate and post-judgment proceedings), expert fees, court costs, investigation costs, and any other liabilities or losses of any kind incurred by the City.

8. This Agreement shall be governed by and construed in accordance with the laws of the State of North Dakota, without regard to its conflicts of law principles.

9. Any action or proceeding arising out of or related to this Agreement shall be brought exclusively in the Cass County District Court located in Cass County, North Dakota, and the Parties hereby consent to the personal jurisdiction and venue of such courts.

10. This Agreement shall be binding upon and inure to the benefit of the Parties and their respective heirs, successors, and assigns.

11. This Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof and supersedes all prior or contemporaneous agreements, understandings, representations, and negotiations, whether written or oral. This Agreement may be amended only by a written instrument signed by both Parties.

12. No waiver of any term or provision of this Agreement shall be effective unless in writing and signed by the Party against whom such waiver is sought to be enforced. No failure or delay by a Party in exercising any right, power, or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, power, or remedy preclude any other or further exercise thereof.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the dates stated below.

CONTRACT

THIS AGREEMENT, made and entered into this July 20, 2026, between the City of Fargo (a Municipal Corporation, under the laws of North Dakota) by the City Commission, hereinafter called the City, and Master Holdings LLC, hereinafter called the Contractor.

Contractor is hereby awarded the Contract to construct New Paving and Utility Construction, Improvement District, BN-26-B1 in accordance with the attached Proposal. Contractor agrees to undertake and execute all work in a good, substantial and workmanlike manner, and to furnish all the materials, tools and labor necessary to properly perform and complete the work ready for use, in strict accordance with the Special Instructions to Bidders and the plans mentioned therein and the City of Fargo Standard Specifications for Construction in effect at the time of the bid opening, and under penalty expressed in the attached bond, which are hereby declared and accepted as essential parts of the unit prices named in the Proposal.

What the Contract Price Includes

The price in the Proposal is for the completed work, and includes the furnishing of all the materials, labor, tools and appliances, and all expenses, direct and indirect, connected with the proper execution of the work in accordance with the plans, profiles and specifications for the work, and maintaining the same until it is accepted by the City Commission.

Extra Work Part of Contract

When directed in writing by the City Engineer or an authorized representative ("City Engineer" inclusively) to do so, the Contractor shall furnish material and do extra work connected with or necessary to the proper completion of the work. Prices for extra work will be agreed upon by the City Engineer or an authorized representative and the Contractor as specified in Section 9000 of the Standard Specifications for Construction.

Bills for Extra Work

Within thirty (30) days of completion of the extra work authorized by "Contractors Order," as defined in the City of Fargo Standard Specifications for Construction, the Contractor shall present to the City Engineer or an authorized representative the "Contractor's Order," and a full and complete itemized statement of extra work, and the date the extra work was completed. City Engineer or an authorized representative shall certify the correctness of the amount and character of labor performed and materials furnished and add it to the estimate of the amount due the Contractor. A "Contractor's Order" for extra work not presented within 30 days of completion will not be paid.

Inspection

All materials furnished by the Contractor are subject to the inspection and approval of the City Engineer or an authorized representative at all times during the progress of the work, and until the final completion of the same. Contractor shall allow sufficient time to enable the City Engineer or an authorized representative to make the proper tests and inspection. As soon as the materials are tested and inspected, the Contractor shall immediately remove all rejected materials from the work and to such a point distant there from as the City Engineer or authorized representative may require. No materials shall be used before being inspected and approved by the City Engineer or authorized representative. Failure of the City Engineer or authorized representative to condemn or reject inferior materials or work does not imply acceptance of the same should their inferiority become evident at any time.

The Contractor shall furnish at their own expense such labor as may be required to enable a thorough inspection and culling of all materials.

Obstruction, Guard and Contractor's Liability

The Contractor shall follow Section 4100 of the Standard Specifications for Construction in all cases to maintain a safe passageway at all road crossings, crosswalks and street intersections, and shall do all other things necessary to prevent accidents or loss of any kind, and shall save the City harmless forever from any and all damages, costs, and expenses resulting from the neglect or failure of the Contractor in the performance of this Contract, to properly protect the public and employees from injury to person or property.

Property Liable to Damages

The Contractor shall be liable for any and all damage to public and private utilities, including but not limited to, water, gas, steam or other pipes, flumes, poles or conduits or other property owned by any person or corporation. Contractor shall have ten (10) days following notice from the City to repair or replace the damaged property. After ten (10) days City may arrange for such repairs or replacements to be made as necessary and deduct from any sum or sums due or to become due Contractor under this Contract the cost thereof. The Contractor will be responsible for all survey irons and monuments, and if disturbed they will be replaced by a Registered Land Surveyor of the State of North Dakota, at the Contractor's own expense. Contractor is responsible for damage to any underground or overhead piping, wiring, or other utility property occurring during any excavation or construction by Contractor. The Contractor, before commencing any excavation or construction, shall locate the previously mentioned underground property by contacting the following:

ND One Call..... 1-800-795-0555

Time of Commencement and Completion

The Contractor shall commence the work within thirty (30) days after written notice from the City, continue the work without interruption, and complete the entire Contract on or before the final completion date specified in the special instructions to bidders incorporated and made a part of this contract herein. Contractor's failure to satisfactorily and timely complete the Contract work shall result in a deduction by City, out of the money which may be due or become due Contractor liquidated damages in accordance with the agreed upon schedule contained within the attached Notice of Award, fixed and determined by the parties to be liquidated damages.

Substantial completion shall consist of the following items unless otherwise noted in the Special Instructions to Bidders:

1. Projects with underground utilities: Substantial completion shall consist of the installation of all main line sewer, water, storm sewer pipe. Installation shall include testing of water main and sanitary sewer and installation of sewer and water services. All underground utilities shall be functional.
2. Projects with paving; Substantial completion requires that the curb and gutter and paving section be installed and functional. This includes driveways, sidewalks, finish grading, street lights, and signals.
3. In all other projects: Substantial completion shall mean that the specified improvement is operational and/or functional.

Final completion shall consist of completing remaining items and the repair of all punch list and clean up items.

At any time before expiration of the original or extended Contract time, a written request may be made to the City Engineer for additional time to complete the Contract. The request shall be supported by adequate documentation stating the reasons and basis for the request. The City Engineer's determination will consider to what extent the delays were caused by conditions beyond the Contractor's control that may be offset by time lost due to the failure to diligently prosecute the work or to other conditions within the Contractor's control. A plea that insufficient time was specified is not a valid reason for a time extension. A time extension will not be considered for inclement weather or for the time period from November 15 to April 15.

Contractor must pay City liquidated damages for failure to timely complete the Contract work irrespective of whether there are monies due on the Contract.

Claim for Damages

Delay occasioned by any act or omission over which the Contractor has no control, or on the part of the City, may entitle the Contractor to an extension of time in which to complete the work. Contractor shall give notice in writing to the City Commission of the cause of such delay within thirty (30) days, yet in no case after the expiration of the original or extended Contract time.

Subletting

The Contractor shall not assign or sublet the whole or any portion of the Contract work (except for the supply of materials, equipment and tools) without first obtaining the written consent of the City Engineer. Consent given does not release the Contractor from responsibility. Contractor shall be held accountable the same as if no consent had been given. The Contractor will be required to give their personal attention to the work.

Specifications, Plans and Stakes

The work shall be done in strict conformity to the plans, profiles and specifications and to the exact lines and grades as defined by the City Engineer.

Cleaning Up

Immediately upon the completion of the work on each block, the Contractor shall at their cost and expense, clean up and remove all refuse materials of every kind resulting from the work. If Contractor fails to clean up and remove refuse within twenty-four (24) hours after having been notified by the City Engineer or authorized representative, the work may be done by the City and the cost thereof charged to the Contractor or deducted from the amount due the Contractor on their estimate.

Orders

Whenever the Contractor is not present on any part of the work where it may be necessary to give instructions, orders may be given by the City Engineer or authorized representative to the superintendent or foreman who

may have charge of the particular work in question, and such orders shall be obeyed.

Defective Work

The Contractor, upon being so directed by the City Engineer or authorized representative, shall suspend, remove or reconstruct, or make good without charge any work which they may consider to be defectively executed.

Competent Workers to be Employed

The Contractor shall provide and have at all times a competent Superintendent in charge of the overall Project who will be personally available at the site of the work within 24 hours notice. This Superintendent may be either the Contractor himself or a responsible employee who has been authorized to act in the Contractor's behalf. This individual shall be fully authorized to:

- (a) Conduct all business with the subcontractors.
- (b) Negotiate and execute all Contract change orders or directly coordinate with the Contractor on such matters.
- (c) Execute the orders and directions of the Engineer or authorized representative without delay.
- (d) Promptly supply the materials, equipment, tools, labor, and incidentals necessary for prosecution of the work.

At all times while work is actually being performed, the Contractor shall have at the site of the work a competent individual who is:

- (a) Authorized and fully capable of managing, directing, and coordinating the work in progress.
- (b) Thoroughly experienced in the type of work being performed.
- (c) Capable of reading and thoroughly understanding the Plans and Specifications.
- (d) Authorized to receive instructions from the Engineer or authorized representative.

If this individual is an employee of someone other than the Contractor, the Contractor shall notify the Engineer or authorized representative as to who will act in the supervisory capacity stated above. This individual and the Superintendent having overall responsibility for the Project may be one and the same person if constantly available in person on the Project and fully qualified in all other respects.

If any person employed by the Contractor appears incompetent, disorderly, or disobedient to the City Engineer or authorized representative, they shall be discharged immediately upon request of the City Engineer or authorized representative and shall not again be employed upon the work without the consent of the City Engineer or authorized representative. Contractor must give preference in accordance with N. D. Cent. Code section 43-07-20 to the employment of bona fide North Dakota residents, as determined by section 54-01-26, with preference given first to honorably discharged disabled veterans and veterans of the armed forces of the United States, as defined in section 37-19.1-01, who are deemed to be qualified in the performance of that work.

Order of Executing Work

The Contractor shall commence work at such point or points as the City Engineer or authorized representative may direct, and shall conform to their directions as to the order and time in which different parts of the work shall be done.

When a Contractor has more than one Contract with the City at the same time, they shall have sufficient workers, machinery, tools and material upon the work to complete each Contract in the manner and within the time specified in each separate Contract, and they shall not remove workers, machinery, tools or materials from one Contract job to another without the written consent of the City Engineer or authorized representative. Nor shall Contractor commence work on a new Contract job while in default on an existing Contract without the written permission of the City Engineer.

Failure to Pay for Labor and Materials

If Contractor fails to pay laborers, or for materials used, the City may make such payments from monies due the Contractor, at the City's discretion necessary to protect laborers and material suppliers.

Laws and Ordinances to be Observed

Contractor must abide by all applicable laws. Contractor shall indemnify the City against all claims, damages, suits, actions and expenses, including reasonable attorney's fees to the property of the City of any person, caused by the negligence of the Contractor or their servants or employees in carrying out or attempting to carry out this Contract, and from claims made by laborers or others for injury sustained by reason of the negligence of the Contractor, their servants or employees, in the performance or attempted performance of this Contract. Contractor further shall indemnify the City from damages sustained by depositing materials to public injury or to the injury of any person or corporation, or resulting from the use of any patented material, implement or process which may be employed in executing the work under this Contract, including costs and expense of defense. Contractor shall be notified of the bringing of suit in such cases, and be permitted to defend the same, and City may withhold final payment of this Contract for the indemnity of the City.

Failure to Prosecute Work Vigorously

Contractor shall commence work under this Contract within thirty (30) days after being instructed to do so in a written notice from the City. Contractor's failure to commence work as directed may be deemed a Contract breach, and the Contractor and surety shall be liable for the full amount of the Contract.

If, at any time during the prosecution of the work, in the opinion of the City Engineer, Contractor is not employing the necessary resources to timely complete the Contract, or performing in an un-workmanlike manner, City shall give Contractor and their surety five (5) days written notice to comply. Failure to comply may be deemed a Contract breach and the Contractor and surety shall be liable on their bond for the full amount of the Contract price.

The notice provided for in this section may be served upon the Contractor by delivering the same to any person in charge of the work, or by leaving the same at the office of the Contractor in Fargo; and upon the surety of the Contractor by leaving the same at the office of such surety in Fargo.

Neither the abandonment of this Contract by the Contractor, as herein provided, nor the declaration by the City that the same is forfeited, nor the doing of the said work by the bidder, shall release the surety of the Contractor from liability under this Contract.

Payments

The City may retain five percent (5%) of the amount due Contractor until the completion of the entire Contract work. In no case will the City Engineer make payment to a Contractor who is in default under the terms of the Contract unless expressly authorized by the Board of City Commissioners.

The Contractor shall be paid by the City according to the certified statement furnished by the City Engineer and approved by the City Commission, and the payment shall be made in warrants drawn on the New Paving and Utility Construction, Improvement District No. BN-26-B1 fund of said City, with interest at seven (7%) percent per annum or in cash as stated below. The City assumes and incurs no general liability under this Contract for any sum to be raised by general taxation and reserves the right, at its option, to sell such warrants for cash, and from the proceeds thereof pay the Contractor the amount due them under this Contract.

The retained amounts will be according to the following table:

<u>Percentage of Completion</u>	<u>Percentage Retained</u>
0-90%	5%
91-100%	1-5%*

*Reduction of retainage is at the discretion of the City Engineer based on the progress of the contract.

Guarantee

Contractor guarantees the Contract work will remain in good condition for a warranty period of one (1) year from the date of acceptance by the City, ordinary wear excepted, and is financially responsible for any repairs necessary to maintain the Contract work in good condition during said warranty period.

The determination of the necessity for repairs above mentioned rests entirely with the City Commission whose decision upon the matter shall be final and obligatory upon the Contractor.

If the termination of the said period of one (1) year after the acceptance of the work done under this Contract shall fall within the months of November, December, January, February, March or April, then in that case said months shall not be included in the computation of the said period of one (1) year, but said period shall be held and understood to terminate on the 15th day of May next thereafter, unless otherwise permitted by the City Commission. It is hereby expressly understood and agreed that the City shall not finally accept the work before the date specified by the City Commission, and that only in case the Contractor shall serve upon the City Commission in writing a notice that they desire the City to accept or reject the work within thirty (30) days after the service of such notice.

Miscellaneous

No work will be done on Sunday except in case of emergency, in which case the Contractor shall sufficiently establish that an emergency exists. However, Sunday work may be authorized by the City Engineer in advance on a case-by-case basis.

This Contract with all its forms, plans, profiles, specifications and stipulations shall be binding upon the heirs, executors, administrators or assigns of the said Contractor, and upon the successors or assigns of the City as if each and all of them had been specifically mentioned.

IN WITNESS WHEREOF, the City Commission of the City of Fargo, by its Mayor, has made and executed this Contract on behalf of said City, and has caused the seal of said City to be hereto affixed and the Contractor has hereunto set their hand and seal the day and year first above written.

By the Board of City Commissioners

CONTRACT

THIS AGREEMENT, made and entered into this August 3, 2026, between the City of Fargo (a Municipal Corporation, under the laws of North Dakota) by the City Commission, hereinafter called the City, and Master Holdings LLC, hereinafter called the Contractor.

Contractor is hereby awarded the Contract to construct Paving and Utility Rehab/Reconstruction, Improvement District, BR-26-D2 in accordance with the attached Proposal. Contractor agrees to undertake and execute all work in a good, substantial and workmanlike manner, and to furnish all the materials, tools and labor necessary to properly perform and complete the work ready for use, in strict accordance with the Special Instructions to Bidders and the plans mentioned therein and the City of Fargo Standard Specifications for Construction in effect at the time of the bid opening, and under penalty expressed in the attached bond, which are hereby declared and accepted as essential parts of the unit prices named in the Proposal.

What the Contract Price Includes

The price in the Proposal is for the completed work, and includes the furnishing of all the materials, labor, tools and appliances, and all expenses, direct and indirect, connected with the proper execution of the work in accordance with the plans, profiles and specifications for the work, and maintaining the same until it is accepted by the City Commission.

Extra Work Part of Contract

When directed in writing by the City Engineer or an authorized representative ("City Engineer" inclusively) to do so, the Contractor shall furnish material and do extra work connected with or necessary to the proper completion of the work. Prices for extra work will be agreed upon by the City Engineer or an authorized representative and the Contractor as specified in Section 9000 of the Standard Specifications for Construction.

Bills for Extra Work

Within thirty (30) days of completion of the extra work authorized by "Contractors Order," as defined in the City of Fargo Standard Specifications for Construction, the Contractor shall present to the City Engineer or an authorized representative the "Contractor's Order," and a full and complete itemized statement of extra work, and the date the extra work was completed. City Engineer or an authorized representative shall certify the correctness of the amount and character of labor performed and materials furnished and add it to the estimate of the amount due the Contractor. A "Contractor's Order" for extra work not presented within 30 days of completion will not be paid.

Inspection

All materials furnished by the Contractor are subject to the inspection and approval of the City Engineer or an authorized representative at all times during the progress of the work, and until the final completion of the same. Contractor shall allow sufficient time to enable the City Engineer or an authorized representative to make the proper tests and inspection. As soon as the materials are tested and inspected, the Contractor shall immediately remove all rejected materials from the work and to such a point distant there from as the City Engineer or authorized representative may require. No materials shall be used before being inspected and approved by the City Engineer or authorized representative. Failure of the City Engineer or authorized representative to condemn or reject inferior materials or work does not imply acceptance of the same should their inferiority become evident at any time.

The Contractor shall furnish at their own expense such labor as may be required to enable a thorough inspection and culling of all materials.

Obstruction, Guard and Contractor's Liability

The Contractor shall follow Section 4100 of the Standard Specifications for Construction in all cases to maintain a safe passageway at all road crossings, crosswalks and street intersections, and shall do all other things necessary to prevent accidents or loss of any kind, and shall save the City harmless forever from any and all damages, costs, and expenses resulting from the neglect or failure of the Contractor in the performance of this Contract, to properly protect the public and employees from injury to person or property.

Property Liable to Damages

The Contractor shall be liable for any and all damage to public and private utilities, including but not limited to, water, gas, steam or other pipes, flumes, poles or conduits or other property owned by any person or corporation. Contractor shall have ten (10) days following notice from the City to repair or replace the damaged property. After ten (10) days City may arrange for such repairs or replacements to be made as necessary and deduct from any sum or sums due or to become due Contractor under this Contract the cost thereof. The Contractor will be responsible for all survey irons and monuments, and if disturbed they will be replaced by a Registered Land Surveyor of the State of North Dakota, at the Contractor's own expense. Contractor is responsible for damage to any underground or overhead piping, wiring, or other utility property occurring during any excavation or construction by Contractor. The Contractor, before commencing any excavation or construction, shall locate the previously mentioned underground property by contacting the following:

ND One Call..... 1-800-795-0555

Time of Commencement and Completion

The Contractor shall commence the work within thirty (30) days after written notice from the City, continue the work without interruption, and complete the entire Contract on or before the final completion date specified in the special instructions to bidders incorporated and made a part of this contract herein. Contractor's failure to satisfactorily and timely complete the Contract work shall result in a deduction by City, out of the money which may be due or become due Contractor liquidated damages in accordance with the agreed upon schedule contained within the attached Notice of Award, fixed and determined by the parties to be liquidated damages.

Substantial completion shall consist of the following items unless otherwise noted in the Special Instructions to Bidders:

1. Projects with underground utilities: Substantial completion shall consist of the installation of all main line sewer, water, storm sewer pipe. Installation shall include testing of water main and sanitary sewer and installation of sewer and water services. All underground utilities shall be functional.
2. Projects with paving; Substantial completion requires that the curb and gutter and paving section be installed and functional. This includes driveways, sidewalks, finish grading, street lights, and signals.
3. In all other projects: Substantial completion shall mean that the specified improvement is operational and/or functional.

Final completion shall consist of completing remaining items and the repair of all punch list and clean up items.

At any time before expiration of the original or extended Contract time, a written request may be made to the City Engineer for additional time to complete the Contract. The request shall be supported by adequate documentation stating the reasons and basis for the request. The City Engineer's determination will consider to what extent the delays were caused by conditions beyond the Contractor's control that may be offset by time lost due to the failure to diligently prosecute the work or to other conditions within the Contractor's control. A plea that insufficient time was specified is not a valid reason for a time extension. A time extension will not be considered for inclement weather or for the time period from November 15 to April 15.

Contractor must pay City liquidated damages for failure to timely complete the Contract work irrespective of whether there are monies due on the Contract.

Claim for Damages

Delay occasioned by any act or omission over which the Contractor has no control, or on the part of the City, may entitle the Contractor to an extension of time in which to complete the work. Contractor shall give notice in writing to the City Commission of the cause of such delay within thirty (30) days, yet in no case after the expiration of the original or extended Contract time.

Subletting

The Contractor shall not assign or sublet the whole or any portion of the Contract work (except for the supply of materials, equipment and tools) without first obtaining the written consent of the City Engineer. Consent given does not release the Contractor from responsibility. Contractor shall be held accountable the same as if no consent had been given. The Contractor will be required to give their personal attention to the work.

Specifications, Plans and Stakes

The work shall be done in strict conformity to the plans, profiles and specifications and to the exact lines and grades as defined by the City Engineer.

Cleaning Up

Immediately upon the completion of the work on each block, the Contractor shall at their cost and expense, clean up and remove all refuse materials of every kind resulting from the work. If Contractor fails to clean up and remove refuse within twenty-four (24) hours after having been notified by the City Engineer or authorized representative, the work may be done by the City and the cost thereof charged to the Contractor or deducted from the amount due the Contractor on their estimate.

Orders

Whenever the Contractor is not present on any part of the work where it may be necessary to give instructions, orders may be given by the City Engineer or authorized representative to the superintendent or foreman who

may have charge of the particular work in question, and such orders shall be obeyed.

Defective Work

The Contractor, upon being so directed by the City Engineer or authorized representative, shall suspend, remove or reconstruct, or make good without charge any work which they may consider to be defectively executed.

Competent Workers to be Employed

The Contractor shall provide and have at all times a competent Superintendent in charge of the overall Project who will be personally available at the site of the work within 24 hours notice. This Superintendent may be either the Contractor himself or a responsible employee who has been authorized to act in the Contractor's behalf. This individual shall be fully authorized to:

- (a) Conduct all business with the subcontractors.
- (b) Negotiate and execute all Contract change orders or directly coordinate with the Contractor on such matters.
- (c) Execute the orders and directions of the Engineer or authorized representative without delay.
- (d) Promptly supply the materials, equipment, tools, labor, and incidentals necessary for prosecution of the work.

At all times while work is actually being performed, the Contractor shall have at the site of the work a competent individual who is:

- (a) Authorized and fully capable of managing, directing, and coordinating the work in progress.
- (b) Thoroughly experienced in the type of work being performed.
- (c) Capable of reading and thoroughly understanding the Plans and Specifications.
- (d) Authorized to receive instructions from the Engineer or authorized representative.

If this individual is an employee of someone other than the Contractor, the Contractor shall notify the Engineer or authorized representative as to who will act in the supervisory capacity stated above. This individual and the Superintendent having overall responsibility for the Project may be one and the same person if constantly available in person on the Project and fully qualified in all other respects.

If any person employed by the Contractor appears incompetent, disorderly, or disobedient to the City Engineer or authorized representative, they shall be discharged immediately upon request of the City Engineer or authorized representative and shall not again be employed upon the work without the consent of the City Engineer or authorized representative. Contractor must give preference in accordance with N. D. Cent. Code section 43-07-20 to the employment of bona fide North Dakota residents, as determined by section 54-01-26, with preference given first to honorably discharged disabled veterans and veterans of the armed forces of the United States, as defined in section 37-19.1-01, who are deemed to be qualified in the performance of that work.

Order of Executing Work

The Contractor shall commence work at such point or points as the City Engineer or authorized representative may direct, and shall conform to their directions as to the order and time in which different parts of the work shall be done.

When a Contractor has more than one Contract with the City at the same time, they shall have sufficient workers, machinery, tools and material upon the work to complete each Contract in the manner and within the time specified in each separate Contract, and they shall not remove workers, machinery, tools or materials from one Contract job to another without the written consent of the City Engineer or authorized representative. Nor shall Contractor commence work on a new Contract job while in default on an existing Contract without the written permission of the City Engineer.

Failure to Pay for Labor and Materials

If Contractor fails to pay laborers, or for materials used, the City may make such payments from monies due the Contractor, at the City's discretion necessary to protect laborers and material suppliers.

Laws and Ordinances to be Observed

Contractor must abide by all applicable laws. Contractor shall indemnify the City against all claims, damages, suits, actions and expenses, including reasonable attorney's fees to the property of the City of any person, caused by the negligence of the Contractor or their servants or employees in carrying out or attempting to carry out this Contract, and from claims made by laborers or others for injury sustained by reason of the negligence of the Contractor, their servants or employees, in the performance or attempted performance of this Contract. Contractor further shall indemnify the City from damages sustained by depositing materials to public injury or to the injury of any person or corporation, or resulting from the use of any patented material, implement or process which may be employed in executing the work under this Contract, including costs and expense of defense. Contractor shall be notified of the bringing of suit in such cases, and be permitted to defend the same, and City may withhold final payment of this Contract for the indemnity of the City.

Failure to Prosecute Work Vigorously

Contractor shall commence work under this Contract within thirty (30) days after being instructed to do so in a written notice from the City. Contractor's failure to commence work as directed may be deemed a Contract breach, and the Contractor and surety shall be liable for the full amount of the Contract.

If, at any time during the prosecution of the work, in the opinion of the City Engineer, Contractor is not employing the necessary resources to timely complete the Contract, or performing in an un-workmanlike manner, City shall give Contractor and their surety five (5) days written notice to comply. Failure to comply may be deemed a Contract breach and the Contractor and surety shall be liable on their bond for the full amount of the Contract price.

The notice provided for in this section may be served upon the Contractor by delivering the same to any person in charge of the work, or by leaving the same at the office of the Contractor in Fargo; and upon the surety of the Contractor by leaving the same at the office of such surety in Fargo.

Neither the abandonment of this Contract by the Contractor, as herein provided, nor the declaration by the City that the same is forfeited, nor the doing of the said work by the bidder, shall release the surety of the Contractor from liability under this Contract.

Payments

The City may retain five percent (5%) of the amount due Contractor until the completion of the entire Contract work. In no case will the City Engineer make payment to a Contractor who is in default under the terms of the Contract unless expressly authorized by the Board of City Commissioners.

The Contractor shall be paid by the City according to the certified statement furnished by the City Engineer and approved by the City Commission, and the payment shall be made in warrants drawn on the Paving and Utility Rehab/Reconstruction, Improvement District No. BR-26-D2 fund of said City, with interest at seven (7%) percent per annum or in cash as stated below. The City assumes and incurs no general liability under this Contract for any sum to be raised by general taxation and reserves the right, at its option, to sell such warrants for cash, and from the proceeds thereof pay the Contractor the amount due them under this Contract.

The retained amounts will be according to the following table:

<u>Percentage of Completion</u>	<u>Percentage Retained</u>
0-90%	5%
91-100%	1-5%*

*Reduction of retainage is at the discretion of the City Engineer based on the progress of the contract.

Guarantee

Contractor guarantees the Contract work will remain in good condition for a warranty period of one (1) year from the date of acceptance by the City, ordinary wear excepted, and is financially responsible for any repairs necessary to maintain the Contract work in good condition during said warranty period.

The determination of the necessity for repairs above mentioned rests entirely with the City Commission whose decision upon the matter shall be final and obligatory upon the Contractor.

If the termination of the said period of one (1) year after the acceptance of the work done under this Contract shall fall within the months of November, December, January, February, March or April, then in that case said months shall not be included in the computation of the said period of one (1) year, but said period shall be held and understood to terminate on the 15th day of May next thereafter, unless otherwise permitted by the City Commission. It is hereby expressly understood and agreed that the City shall not finally accept the work before the date specified by the City Commission, and that only in case the Contractor shall serve upon the City Commission in writing a notice that they desire the City to accept or reject the work within thirty (30) days after the service of such notice.

Miscellaneous

No work will be done on Sunday except in case of emergency, in which case the Contractor shall sufficiently establish that an emergency exists. However, Sunday work may be authorized by the City Engineer in advance on a case-by-case basis.

This Contract with all its forms, plans, profiles, specifications and stipulations shall be binding upon the heirs, executors, administrators or assigns of the said Contractor, and upon the successors or assigns of the City as if each and all of them had been specifically mentioned.

IN WITNESS WHEREOF, the City Commission of the City of Fargo, by its Mayor, has made and executed this Contract on behalf of said City, and has caused the seal of said City to be hereto affixed and the Contractor has hereunto set their hand and seal the day and year first above written.

The Committee reviewed the accompanying correspondence from Land Acquisition Specialist, Shawn Bullinger, regarding the conveyance of subdivided properties to adjacent westerly landowners to be purchased and combined with the purchaser's existing parcel.

The subdivision was completed as Parkview South Eighth Addition and was approved by the City Commission on November 5, 2018. Staff is requesting authorization to move forward with the conveyance of the subdivided properties. The proposed process includes:

- Preparing purchase agreements for Lots 3-18 for the conveyance of the subdivided parcels to the adjacent property owners located immediately west of the property.
- Conveying the property for a nominal fee; conveyance will begin from the middle (Lot 9 or 10) and work outwards.
- Require each purchaser to complete a Land Boundary (Split/Combine) Request Form at the time the purchase agreement is executed.

Staff has coordinated with the City Attorney's Office to prepare the necessary purchase agreements and a resolution authorizing the sale of City-owned property.

On a motion by Susan Thompson, seconded by Ben Dow, the Committee voted to recommend approval of the conveyance of the subdivided properties with a nominal fee of \$1.

RECOMMENDED MOTION

Concur with the recommendations of PWPEC and approve the conveyance of the subdivided properties to the adjacent westerly landowners for a nominal fee, subject to the execution of purchase agreements requiring each parcel to be combined with the purchaser's existing parcel, and authorize the signing of a resolution approving and authorizing the sale and conveyance of the properties.

Memorandum

To: Members of PWPEC
From: Shawn G. Bullinger, Land Acquisition Specialist
Date: July 23, 2026
Re: Convey City-owned land to adjacent property owners – Lots 3-18 Parkview South Eighth Addition

Background:

In October 2017, a memorandum was presented to the Public Works Project Evaluation Committee requesting authorization to plat Lot 2, Block 32, Parkview South Second Addition. The property had originally been intended to serve as private park amenities, located behind residential lots. However, ownership of the property was ultimately acquired by the City through tax deed proceedings following the nonpayment of property taxes.

The October memorandum recommended that the property be subdivided with the intent of conveying the resulting parcels to the adjacent westerly property owners for a nominal fee. The Committee authorized staff to proceed with the platting process.

The subdivision was subsequently completed as Parkview South Eighth Addition, Lots 1-18, Block 1, and was approved by the City Commission on November 5, 2018. While the platting process has been completed, the conveyance of the newly created lots to the adjacent westerly property owners has not yet occurred.

Discussion:

Staff is requesting authorization to move forward with the original intent outlined in the 2017 memorandum.

The proposed process includes:

- Preparing purchase agreements for Lots 3-18 for the conveyance of the subdivided parcels to the adjacent property owners located immediately west of the property.
- Conveying the property for a nominal fee; conveyance will begin from the middle (Lot 9 or 10) and work outwards.
- Requiring each purchaser to complete a Land Boundary (Split / Combine) Request Form at the time the purchase agreement is executed.

Staff has coordinated with the City Attorney's Office to prepare the necessary purchase agreements and a resolution authorizing the sale of City-owned property. Upon execution of the purchase agreements and completion of the required land boundary combination process, the purchase agreements will be presented to the City Commission for final approval of the conveyances.

This approach fulfills the original intent established in 2017 while transferring ownership and maintenance responsibility to the adjoining westerly property owners and eliminating the City's ongoing ownership of the property.

Recommended Motion:

Authorize staff to move forward with the conveyance of the subdivided properties to the adjacent westerly landowners for a nominal fee, subject to the execution of the purchase agreements requiring each parcel to be combined with the purchaser's existing parcel, and to prepare the necessary documents for City Commission approval.

The Committee reviewed the attached memo regarding the history of the linear lots within the Parkview South development that were intended to be parks and subsequently ownership came to the City due to nonpayment of taxes. Staff has been working diligently with the adjacent homeowners to allow them to take over ownership of the lot, as the City does not have interest in owning these parcels.

Staff is seeking authorization to seek a plat to subdivide Lot 2, Block 32, Parkview South 2nd Addition.

On a motion by Tim Mahoney, seconded by Jim Gilmour, the Committee voted to authorize seeking a plat to subdivide Lot 2, Block 32, Parkview 2nd Addition.

MEMORANDUM

October 11, 2017

To: Members of PWPEC

From: Maegin Elshaug, Planner

Re: Plat creation in order to subdivide and convey City-owned land to adjacent property owners – Lot 2, Block 32, Parkview South 2nd Addition

The City owns and maintains several lots throughout the Parkview development (southeast of the I29 and I94 interchange), which have come to the City for nonpayment of taxes over the years. Staff intends to create a process to subdivide and convey the land to adjacent property owners.

The land in Parkview South 2nd Addition was platted in 1991 and is part of the larger Parkview development. The development included several linear lots that were intended to be park amenities, located behind residential lots. In 1995, Lot 2, Block 32, Parkview South 2nd Addition, which is located at 3210 26 Ave S, became under the ownership of Cass County for nonpayment of taxes. In the same year, the city acquired the lot from the county.

In 2008 and 2013, efforts were made by the City to address the lots. Meetings with adjacent property owners were held, where owners were asked to choose one of three options: 1) The city would subdivide the property and convey lots to abutting owners for a nominal fee; 2) the city would continue to own; and 3) the city would convey ownership to an HOA, who would then be responsible for maintenance (the fourth option in 2013 was to do nothing). The result was no consensus by the adjacent property owners, and no further steps were taken.

Today, there are a group of owners on the west side of Lot 2, Block 32, Parkview South 2nd Addition that seek ownership of the land east of their individual property. One property owner has been a contact over the last several years, and has confirmed that adjacent owners seek ownership, even through property owner changes. To staff's knowledge, all current owners are aware of the situation and are in agreement. It is staff's understanding that there is one property owner to the north that does not want to own, however, the City can still access this property from the right-of-way, as indicated on the attachment.

Staff has identified a process to address this lot, similar to the first option from 2008. Staff intends to subdivide the property and sell to the adjacent property owner for a nominal fee. The City Attorney's office will draft documents to convey ownership and to tie each property owner's lots with their new lot. In order to avoid land-locked parcels if some property owners choose to not take the land, either all or no properties will be conveyed, or conveyance will begin towards the middle and work out.

There are several other city-owned lots similar to this indicated on the attachment. This process is intended to be used as a template to address the other lots. The request before you is to allow Public Works to seek a subdivision plat for Lot 2, Block 32, Parkview South 2nd Addition through an existing MSA.

SUGGESTED MOTION:

Authorize the Public Works Department to seek a plat to subdivide Lot 2, Block 32, Parkview South 2nd Addition.

City of Fargo Staff Report			
Title:	Parkview South Eighth Addition	Date:	6/27/2018
		Update:	10/31/2018
Location:	3210 26 th Avenue South	Staff Contact:	Maegin Elshaug
Legal Description:	Lot 32, Block 2, Parkview South Second Addition		
Owner(s)/Applicant:	City of Fargo	Engineer:	KLJ
Entitlements Requested:	Minor Subdivision (Replat of Lot 32, Block 2, Parkview South Second Addition and Subdivision Waiver for lot size on Lots 1, and 3-16, Block 1, of the proposed plat)		
Status:	City Commission Public Hearing: November 5, 2018		

Existing	Proposed
Land Use: Vacant	Land Use: Household Living
Zoning: SR-2, Single-Dwelling Residential	Zoning: No change
Uses Allowed: SR-2 Allows detached houses, daycare centers up to 12 children, parks and open space, religious institutions, safety services, schools, and basic utilities	Uses Allowed: No change
Maximum Density Allowed (Residential): 5.4 units per acre	Maximum Density Allowed (Residential): No change
Maximum Lot Coverage Allowed: 35% of lot	Maximum Lot Coverage Allowed: No change

Proposal:

The applicant, the City of Fargo, is requesting a minor subdivision, entitled **Parkview South Eighth Addition**, which is a replat of Lot 32, Block 2, Parkview South Second Addition, and a Subdivision Waiver for lot size on Lots 1, and 3-16, Block 1, of the proposed plat. Lots 1, and 3-16 do not meet the minimum lot size for the SR-2, Single-Dwelling zoning district. The subject property is located at 3210 26th Avenue South and is comprised of approximately 2.06 acres.

The Parkview Development was developed to use this and other similar lots as amenities. However, the city acquired the property from Cass County from non-payment of taxes. The City of Fargo is preparing the properties to allow adjacent property owners in the original Parkview Development or other adjacent development to have the opportunity to acquire the property in the future. This process is yet to be determined and may serve as a template for other lots similar to this in the Parkview Development.

This project was reviewed by the City's Planning and Development, Engineering, Public Works, and Fire Departments ("staff"), whose comments are included in this report.

Surrounding Land Uses and Zoning Districts:

- North: Across 26th Avenue South, SR-2, Single-Dwelling Residential, with detached homes.
- East: SR-2, Single-Dwelling Residential, with detached homes.
- South: SR-4, Single-Dwelling Residential, with attached homes.
- West: SR-2, Single-Dwelling Residential, with detached homes.

Area Plans:

No area plans apply.

Schools and Parks:

Schools: The subject property is located within the Fargo School District and is served by Ed Clapp Elementary, Carl Ben Middle, and South High Schools.

Neighborhood: The subject property is located in the Bluemont Lakes neighborhood.

Parks: There is Woodbury Park (3501 23rd Avenue South) and Bluemont Park (2751 32nd Avenue South) located within .5 mile from the subject property. Together they offer playground amenities, a basketball court, gazebos, and open space.

Pedestrian / Bicycle: There are off-road bike facilities located along 23rd Avenue South, 25th Street South, and 32nd Avenue South. All facilities are components of the metro area bikeways system.

Staff Analysis:**Minor Subdivision**

The LDC stipulates that the following criteria is met before a minor plat can be approved:

1. **Section 20-0907.B.3 of the LDC stipulates that the Planning Commission recommend approval or denial of the application, based on whether it complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code. Section 20-0907.B.4 of the LDC further stipulates that a Minor Subdivision Plat shall not be approved unless it is located in a zoning district that allows the proposed development and complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.**

The subdivision is intended to subdivide Lot 32, Block 2, Parkview South Second Addition into eighteen lots and one block. Lots 1, and 3-16 are included in the subdivision waiver and are below the minimum lot size of 8,000 square feet in the SR-2 zoning district, as required by Section 20-0501 Residential District Standards. It is intended these lots will be acquired by adjacent property owners and the properties combined; however, that will be determined at a later date. It should be noted that Lots 2, 17 and 18 meet minimum lot sizes and would be considered buildable. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. To date, staff has received approximately 10 inquiries on the property, with questions regarding the future of the lots; however, there was no noted concern for the subdivision application. Staff has reviewed this request and finds that this application complies with standards of Article 20-06 and all applicable requirements of the Land Development Code. **(Criteria Satisfied)**

2. **Section 20-907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.**

While this section of the LDC specifically addresses only major subdivision plats, staff believes it is important to note that any improvements associated with the project (both existing and proposed) are subject to special assessments. Special assessments associated with the costs of the public infrastructure improvements are proposed to be spread by the front footage basis and storm sewer by the square footage basis as is typical with the City of Fargo assessment principles. **(Criteria Satisfied)**

Subdivision Waiver

The LDC stipulates that the following criteria are met before a subdivision waiver can be approved:

1. **Section 20-0907.D.3.a of the LDC stipulates that a Subdivision Waiver must not be detrimental to the public safety, health, or welfare, or injurious to other property or improvements in the area in which the property is located.**

The subdivision waiver is to allow Lots 1, and 3-16 to be smaller than the minimum lot size of 8,000 square feet in the SR-2 zoning district. Lots range in size from 2,949 square feet to 4,866 square feet. It is intended

these lots will be acquired by adjacent property owners and the properties combined; however, that will be determined at a later date. It should be noted that Lots 2, 17 and 18 meet minimum lot sizes and would be considered buildable. All adjacent properties are zoned SR-2 and meet minimum lot size standards. Staff finds that the application will not be detrimental to the public safety, health or welfare, or injurious to other property or improvements in the area. **(Criteria Satisfied)**

2. **Section 20-0901.D.3.b of the LDC stipulates that a Subdivision Waiver must represent the least deviation from this Land Development Code that will mitigate the hardship or practical difficulty that exists on the subject property.**

Lots 1, and 3-16, Block 1, of the subdivision do not meet minimum requirements for lot size in the SR-2, single-dwelling, zoning district. This application requests for only a waiver for the minimum lot size in fifteen of the eighteen lots. There are no other deviations from standards of Article 20-06. The property may be acquired by an adjacent property owner in the future, which currently are zoned SR-2 and meet minimum lot sizes. **(Criteria Satisfied)**

3. **Section 20-0907.D.3.c of the LDC stipulates that a Subdivision Waiver shall not have the effect of waiving any provisions of this development code other than the Subdivision Design and Improvement Standards of Article 20-06.**

This application requests for only a waiver for the minimum lot size in fifteen of the eighteen lots. There are no other deviations from standards of Article 20-06. **(Criteria Satisfied)**

Update from 7/3/18 Planning Commission meeting: Property owners spoke at the meeting and stated concerns of the amount of time and money invested in the property, maintaining the original intent of the greenspace, questions of potential increase in fees due to specials and property taxes, and the division of land. Some people that provided testimony had questions about the application or future process, but were all generally in support of the application.

Staff Recommendation:

Suggested Motion: "To accept the findings and recommendations of the Planning Commission and staff and hereby approve the proposed 1) **Parkview South Eighth Addition** subdivision plat and 2) subdivision waiver for lot size on Lots 1, and 3-16 of the proposed plat, as outlined within the staff report, as the proposal complies with the standards of Article 20-06, and all other applicable requirements of the Land Development Code".

Planning Commission Recommendation: July 3, 2018

On July 3, 2018, with a 8-0 vote with two members absent, the Planning Commission accepted the findings and recommendations of staff and recommended approval to the City Commission of the proposed 1) **Parkview South Eighth Addition** subdivision plat and 2) subdivision waiver for lot size on Lots 1, and 3-16 of the proposed plat, as outlined within the staff report, as the proposal complies with the standards of Article 20-06, and all other applicable requirements of the Land Development Code.

Hello Maegin,

I got the letter in the mail about the Parkview South Eight Addition. The letter is a little vague so I am inquiring for additional information. I am interpreting that the large parkway lot, a portion of which I have been maintaining for approximately 20 years, is being subdivided into 18 smaller lots (smaller than the current Subdivision requirements). Is the subdivision of the lots being requested in a manner that it aligns with the adjacent property to the west of the parkway? Is the intent of doing this to allow the adjacent homeowners a chance to purchase the property? If so, at what anticipated cost? And if purchased, would there be any limitations in regards to what can be done with the property by the new owners? I understand there is a utility easement, would that prevent fencing and permanent structure building? What about other covenants of the lot that are documented in our title/abstract? It seems that there currently is no enforcement of these covenants. Are these null and void?

Thank you for any additional information you can provide me!

Hi, Maegin, I live at 2809 33rd St S, just west (on the other side of the street) of the area discussed in your June 15 letter to property owners. From the looks of it, that is the "parkway" between the two rows of houses to the east and west of the detail. Is that correct? Will this land finally be deeded over to the homeowners?

We have a similar situation in our back yard so I'm just curious to see if that is what this is about.

Thank you. Troy & Shirley DeWitz

Maegin,

I am contacting you concerning a letter that is addressed to property owners in the Bluemont lakes area of town. The reason for my inquiry is we are purchasing a home at 2935 32nd St S and are curious about the grassy area to the west and south of the house. My question is are these lots going to be abandoned by the city? Will they homeowners be able to purchase the lots or is there some other outcome that the city is pursuing?

Clarification would be greatly appreciated.

To Fargo Planning Commission,

Our names are Larry and Marinell Holst and we live at 2807 32nd Street South in Fargo. We would like to express our concern for Item 7 on your agenda for the meeting on July 3rd. This item addresses an application requesting a Plat Subdivision Waiver for lot sizes in the Parkview South Addition on Lots 1, and 3-16, Block 1.

We understand the application is requesting the City of Fargo to split this city owned property and attach the lots to the Parkview Addition to the west. Our lot joins the city property from the east side and we have mowed and maintained this space since we moved to this home. We purchased our property in 2008 knowing we had this extra green space attached to our lot. This green space was a real attraction for us when we purchased the property and we have enjoyed having this extra space for our outside enjoyment. Our concern is if we no longer have the city owned green space attached to our lot, our outside space will feel much smaller and we feel the value of our property would decrease.

We would like to leave the city property as it is today or if the City of Fargo would like not to own this green space, please consider splitting the property down the middle (north to south) and attach one-half of each lot to the west and one-half to the east.

Thank you considering our concerns.

PURCHASE AGREEMENT

THIS PURCHASE AGREEMENT ("Agreement"), made and entered by and between the CITY OF FARGO, a North Dakota municipal corporation, whose address is 225 4th Street North, Fargo, ND 58102 (hereinafter "Seller" or "City"), and _____, the identified owner(s) of the property located at _____, Fargo, ND 58103 (hereinafter "Buyer").

RECITALS

1. Seller is the owner of real estate situated in the County of Cass and State of North Dakota, described as follows:

Lot _____, Block _____, of Parkview South 8th Addition to the city of Fargo.

("Subject Property")

2. Seller acquired the Subject Property, as well as an additional seventeen (17) property lots, from Cass County due to non-payment of taxes, and Subject Property abuts Buyer's property ("Adjacent Lot"); and,
3. Seller desires to sell, and Buyer are willing to purchase said Subject Property due to its proximity to Buyer's Adjacent Lot, and such Subject Property and Adjacent Lot will be combined by Buyer into one property for taxation and special assessment purposes; and,
4. The parties wish to memorialize the terms for the purchase of said Subject Property by this written Agreement and the terms contained herein; and,

NOW, THEREFORE, in consideration of the mutual covenants, promises and agreements of the parties, it is hereby agreed as follows:

1. **Purchase Price.** The purchase price will be One Dollar (\$1.00). Buyer acknowledges that the purchase price is substantially below market value and that the reduced purchase price is being offered solely because the Subject Property is adjacent to Buyer's property and will be consolidated with Buyer's Adjacent Lot pursuant to this Agreement.

2. **Combination of Lots.** Buyer agree that the Subject Property (Lot ____, Block ____, Parkview South 8th Addition) will be combined with the Buyer's existing and Adjacent Lot (Lot ____, Block ____, Parkview South 8th Addition) for purposes of ad valorem taxation and levying special assessments so that the two lots are treated as a single lot for such purposes.
- a. **Lot Consolidation Requirement.** As a material inducement for Seller to convey the Subject Property for the purchase price stated herein, Buyer agrees to take all actions necessary to combine the Subject Property with Buyer's Adjacent Lot into a single taxable parcel. Buyer shall provide a fully executed and completed *Land Boundary (Split/Combo) Request Form*, attached hereto as Attachment A, and any other documents required by the City Assessor's Office at the time of Closing.
- The parties acknowledge and agree that the conveyance contemplated by this Agreement is conditioned upon the Subject Property being combined with Buyer's Adjacent Lot and that the Subject Property is not being conveyed as a separate buildable lot.
- b. **Failure to Complete Lot Consolidation.** If Buyer fails to provide the required *Land Boundary (Split/Combo) Request Form* at the time of Closing, or fails to cooperate in good faith to complete the lot consolidation process, Buyer shall re-convey the Subject Property to Seller by Quit Claim Deed upon written demand by Seller. In such event, Seller shall reimburse Buyer the purchase price paid under this Agreement.
3. **Acknowledgement.** Buyer acknowledges that the Subject Property has a full market value that has been estimated by the City Assessor to be in the amount of \$ _____. Buyer understands, acknowledges, and agrees that when Buyer has obtained title to the Subject Property, the Buyer will become responsible for payment of taxes upon said Subject Property. Buyer understands and acknowledges that to the extent it will become necessary for a loan escrow company or Buyer's mortgage lender to be advised of the change in taxable valuation as a result of said acquisition, that Buyer will contact said loan escrow company and/or mortgage lender of said event and Buyer may be responsible for paying an additional monthly amount to Buyer's loan escrow company and/or mortgage lender to provide sufficient funding to pay taxes and special assessments accordingly.
4. **Taxes and Special Assessments.** Seller will be responsible for payment of all taxes and special assessments that have been certified for collection for the year prior to the year of the Closing, payable in the year of the Closing. Buyer will be responsible for all taxes for the year following the year when the Closing occurs, which taxes are paid the next year hence, and for all unpaid special assessments levied against the Subject Property. As to the taxes and special assessments for the year of the Closing that are payable the year following the Closing, the taxes and special assessments that have been certified for collection for said year shall be pro-rated to the date of Closing.

5. **Schedule of Closing and Contingency for the Benefit of Seller (City).**

- a. The Buyer acknowledges and agrees that this Agreement is one of seventeen (17) similar agreements with sixteen (16) other property owners whose properties are adjacent to the seventeen (17) lots within Parkview South 8th Addition and that this Agreement is part of a Program, the purpose of which is to convey said seventeen (17) Parkview South 8th Addition lots to the adjacent property owners so that, among other things, the City will no longer be responsible for maintenance or improvements of said lots. As a result, the implementation of said Program requires the closing of the seventeen (17) purchase transactions to be scheduled in a sequence that is scheduled so that no City-owned parcel within Parkview South 8th Addition becomes landlocked and the City retains legal access to all remaining City-owned parcels pending completion of the Program.

Therefore, Buyer agrees to cooperate with the scheduling process for closings on the other seventeen (17) said Parkview South 8th Addition lots to accomplish this objective and to the extent that closings that have been scheduled earlier than the closing scheduled for this Purchase Agreement transaction suffer delays or refusals to close, the Buyer agrees to reschedule the Closing on this transaction so that the appropriate sequence in closings can be attained by the City, consistent with the City's Program.

- i. The parties understand and agree that the closings for all the Parkview South 8th Addition lots shall be divided into two groups and that, with each said group, the sequence of the closings shall be as follows:

GROUP ONE

1 st	_____
2 nd	_____
3 rd	_____
4 th	_____
5 th	_____
6 th	_____
7 th	_____
8 th	_____
9 th	_____

GROUP TWO

1st _____

2nd _____

3rd _____

4th _____

5th _____

6th _____

7th _____

8th _____

b. The City's Obligation to close is contingent upon the following:

- i. That the City will have entered into fully-executed Purchase Agreements with the seventeen (17) owners of the adjacent lots so that the City has fully-executed Purchase Agreements to convey all seventeen (17) Parkview South 8th Addition lots.
- ii. That the City will have previously closed on the conveyance and transfer to the owners of those adjacent lots that are ahead of the Buyers in sequence of closings described in the preceding paragraphs.

c. Buyer shall take possession of the Subject Property on the day of closing. The parties agree that the real and personal property affixed to the real estate at the time of closing shall become the Buyer's property without the need for a bill of sale or other conveyance.

6. **Payment of Purchase Price.** The entire purchase price shall be payable in cash at closing, subject to the contingency set forth hereinafter. It is further agreed that this sale is contingent upon approval by the Fargo City Commission and the Closing on the conveyance and transfer to the other owners of those adjacent lots that are ahead of the Buyer in sequence of closings described in the preceding paragraphs.

7. **Title and Existing Conditions.** Buyer acknowledges and agrees that Seller shall convey the Subject Property by Quit Claim Deed only. Seller makes no representations or warranties regarding title to the Subject Property, except that Seller has not voluntarily created any lien or encumbrance against the Subject Property during its ownership. Buyer accepts title subject to all easements, restrictions, covenants, reservations, rights-of-way, encroachments, special assessments, and other matters of record or discoverable by inspection or survey.

8. **Quit Claim Deed.** Seller shall convey the Subject Property to Buyer by Quit Claim Deed. Buyer acknowledges and agrees that a Quit Claim Deed conveys only whatever interest Seller may have in the Subject Property, if any, and Seller makes no covenant, warranty, or representation, express or implied, regarding title, marketability of title, possession, condition of the property, or fitness for any particular purpose.
9. **Closing Costs.** It is understood and agreed that as part of this purchase, each of the parties shall pay its own attorneys' fees and all other closing costs (except those listed in this Agreement).
10. **Property Purchased "AS IS".** Buyer acknowledges that they have had the opportunity to inspect and investigate the Subject Property and are relying solely upon their own inspection and investigation. The Subject Property is being conveyed in its present condition, "AS IS." Seller expressly disclaims all warranties of any kind, whether express, implied, statutory, or otherwise, including without limitation any warranty of title, marketability, condition, fitness for a particular purpose, habitability, suitability for development, compliance with applicable laws, or absence of environmental conditions. Buyer assumes all risks associated with ownership of the Subject Property.
11. **Assignment.** Buyer may not, without Seller's consent, assign this Agreement, and Buyer's rights, duties and obligations hereunder, to any party, person or entity. Even if consented to, no assignment will relieve Buyer of its obligations under this Agreement.
12. **No Separate Development.** Buyer acknowledges that the Subject Property is being conveyed for consolidation with Buyer's Adjacent Lot and not for separate development, sale, or construction. Buyer shall not seek to maintain the Subject Property as a separate legal parcel except as may be initially required to complete the consolidation process contemplated by this Agreement.
13. **Survival.** All covenants, agreements, representations, warranties and provisions of this Agreement shall be binding upon and inure to the benefit of the parties and their respective successors and assigns and shall continue in force and effect and be binding after the Closing and delivery of the deed.
14. **Representations and Warranties.** If, after the Effective Date but prior to Closing, an event occurs or information comes to light that materially and adversely renders any of the above representations or warranties no longer accurate or true (a "Changed Condition"), the party obtaining knowledge thereof shall promptly notify the other party in writing.
15. **Entire Agreement; Modification; Binding Effect.** This Agreement constitutes the entire and complete agreement between the parties and supersedes any prior oral or written agreements between the parties with respect to the Property. It is expressly agreed that there are no verbal understandings or agreements which in any way change the terms, covenants and conditions

set forth herein, and no modification of this Agreement and no waiver of any of its terms and conditions shall be effective unless in writing and duly executed by the parties.

16. **Construction; Interpretation.** This Agreement has been made and entered into under the laws of the State of North Dakota and said laws shall control its interpretation. The parties have each consulted and reviewed, or had opportunity to consult and review, this Agreement with their respective legal counsel, and no rule of construction that would cause any ambiguity in any provision to be construed against the drafter of this document shall be operative against either party. The headings/captions appearing in this Agreement are for convenience only and are not part of and not to be considered when interpreting this Agreement.
17. **Effective Purchase Agreement; Counterparts.** This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one, complete Agreement. A copy of this Agreement delivered as or by .pdf, facsimile or other electronic means containing a party's signature shall be deemed such party's original, binding signature.
18. **Effective Date.** The effective date of this Agreement is the date of final signature by the undersigned parties.

Description: See attached memo. Facilities requests approval of FY 2025 State Homeland Security Grant program, CFDA 97.067, award for anti-intrusion film on the first floor of City Hall.

At their meeting, FAHR endorsed this request.

Suggested Motion:

Accept the FY 2025 State Homeland Security Grant Program award in the amount of \$50,000 for the placement of anti-intrusion film on the first floor of City Hall and related budget adjustment.

MEMORANDUM

Date: August 6, 2026
To: Fargo Administration and Human Resources Committee
From: Collin Gnoinsky, Physical Security Advisor, Facilities
Re: Acceptance of the SHSP Soft Target/Crowded Place Project S27 Grant
(CFDA 97.067)

Background

The Facilities Management department has been awarded \$50,000 from U.S. Department of Homeland Security under the FY 2025 State Homeland Security Grant Program. The award supports the placement of anti-intrusion film on the first floor of City Hall. There is no requirement for the City of Fargo to match any portion of this award; the subrecipient cost share is \$0.00.

The intent of this award is to enhance the capability of the City of Fargo to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events in accordance with the federal Notice of Funding Opportunity for this grant program, the approved scope of work, and approved cost line items.

I respectfully request that the F.A.H.R. Committee recommend acceptance of this award and approval of the associated budget adjustment.

Award Summary

Grant program	FY 2025 State Homeland Security Grant Program
Assistance Listing (CFDA)	97.067 SHSP
Federal Award Identification Number	EMW-2025-SS-05047
Federal award date	September 26, 2025]
Federal awarding agency	U.S. Department of Homeland Security
Subrecipient	City of Fargo
NDDDES grant number	S27
Total federal funds obligated	\$50,000.00
Subrecipient cost share	\$0
Period of performance	July 30, 2026 through May 31,2028
City project code	BG2611

Use of Funds

- To remove existing privacy film on the first floor of City Hall and replace with anti-intrusion film. This anti-intrusion film hardens vulnerable pane glass to help prevent or delay physical entrance after the glass has been compromised or broken in times of civil unrest, burglary, or vandalism.
- The privacy portion of the anti-intrusion film will aid in the reduction the visibility from the exterior of the protected work space.
- The addition of anti-intrusion film will delay or eliminate physical access through existing windows without the need for pane replacement. Delayed access into work spaces provides valuable time for City of Fargo employees to get to a place of safety during an attempted breach of existing windows.

Fiscal Administration

This is a reimbursement grant. Facilities Management incurs eligible costs first and then submits reimbursement requests to NDDes with supporting documentation. No funds are advanced to the City. Grant activity will be tracked under project code BG01 and managed in accordance with the City of Fargo Grants Administrative Policy.

Any equipment meeting the City's capital asset threshold will be recorded on a Fixed Asset Addition Form at the time of purchase and reported on the grant inventory at closeout. Equipment acquired under this award remains subject to federal disposition requirements at 2 C.F.R. § 200.313 for the life of the property.

Procurement

All purchases will comply with City of Fargo Purchasing Policy and with federal procurement standards at 2 C.F.R. §§ 200.318 through 200.326. Procurement Standards as well as applicable state and local procurement laws and regulations must be followed when purchasing goods (example: equipment) and services (example: planning, training, or exercise activities). Quotes must be obtained within the project period of performance.

Quotes obtained prior to the project period of performance, or after the work has already been completed will not be accepted. Quotes must match, in quantity and type of product or service, to ensure that all vendors are quoting on the same specifications. Upon request, NDDes prior to you accepting a quote will review the quotes for compliance with federal procurement standards and provide feedback.

Reporting and Grant Administration

Project status reports are required quarterly. The final report is due at closeout. Quarterly reports are due fifteen (15) days after the end of the reporting period of each quarter. Reports should show a steady progression of the project. If there is no progression during a quarter and explanation as to why the project is not progressing is required. Failure to complete the reports will result in delays to reimbursement requests being processed. Reports are completed in the grants management system at <https://grants.des.nd.gov> on the Project page under Progress Monitoring tab.

Progress reports on the status of the project must be submitted to NDDES quarterly through the NDDES grant portal (<https://grants.des.nd.gov>). Reports are due January 15, April 15, July 15, and October 15 for the life of the grant. A final report is due upon closeout.

Anticipated Timeline

The Notice of Grant Award is dated July 30, 2026 and directs that acceptance steps be completed within 10 days of that date.

Federal Program Specific Terms and Conditions

Article 48 Environmental Planning and Historic Preservation (EHP) Review

DHS/FEMA funded activities that could have an impact on the environment are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires the subrecipient to comply with all federal, state, and local laws. DHS/FEMA is required to consider the potential impacts to natural and cultural resources of all projects funded by DHS/FEMA grant funds, through its EHP review process, as mandated by: the National Environmental Policy Act; Endangered Species Act; National Historic Preservation Act of 1966, as amended; Clean Water Act; Clean Air Act; National Flood Insurance Program regulations; and any other applicable laws, regulations, and executive orders. General guidance for FEMA's EHP process is available on the DHS/FEMA Website. Specific applicant guidance on how to submit information for EHP review depends on the individual grant program. Applicants should contact their grant Program Officer to be put into contact with EHP staff responsible for assisting their specific grant program. The FEMA EHP review process must be completed before funds are released to carry out the proposed project, otherwise, DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies. DHS/FEMA may also need to perform a project closeout review to ensure the

applicant complied with all required EHP conditions identified in the initial review. If ground disturbing activities occur during construction, the applicant will monitor the ground disturbance, and if any potential archaeological resources are discovered, the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA. EO 11988, Floodplain Management, and EO 11990, Protection of Wetlands, require that all federal actions in or affecting the floodplain or wetlands be reviewed for opportunities to relocate, and be evaluated for social, economic, historical, environmental, legal, and safety considerations. FEMA's regulations at 44 C.F.R. Part 9 implement the Eos and require an eight-step review process if a proposed action is in a floodplain or wetland or has the potential to affect or be affected by a floodplain or wetland. The regulation also requires that the federal agency provide public notice of the proposed action at the earliest possible time to provide the opportunity for public involvement in the decision-making process (44 C.F.R. § 9.8). Where there is no opportunity to relocate the federal action, FEMA is required to undertake a detailed review to determine what measures can be taken to minimize future damages to the floodplain or wetland.

Article 49 Applicability of DHS Standard Terms and Conditions to Tribal Nations

The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to sub-recipients as a matter of law, regulation, or executive order. If the requirement does not apply to Tribal Nations, or there is a federal law or regulation exempting its application to Tribal Nations, or there is a federal law or regulation exempting its application to Tribal Nations, then the acceptance by Tribal Nations, or acquiescence to DHS Standard Terms and Conditions does not change or alter its applicability to a Tribal Nation. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribal Nations where it does not already exist.

Article 50 Acceptance of Post Award Changes

In the event FEMA determines that an error in the award package has been made, or if an administrative change must be made to the award package, recipients will be notified of the change in writing. Once the notification has been made, any subsequent requests for funds will indicate recipient acceptance of the changes to the award.

Article 51 Disposition of Equipment Acquired Under the Federal Award

When original or replacement equipment acquired under this award is no longer needed for the original project or program or the other activities currently or previously supported by a federal awarding agency, the non-state recipient or subrecipient (including subrecipients of a State or Tribal Nation), must request instructions from FEMA to make proper disposition of the equipment pursuant to 2 C.F.R. section 200.313(e). State recipients must follow the disposition requirements in accordance with State laws and procedures. 2 C.F.R. section 200.313(b). Tribal Nations must follow the disposition requirements in accordance with Tribal laws and procedures noted in 2 C.F.R. section 200.313(b); and if such laws and procedures do not exist, then Tribal Nations must follow the disposition instructions in 2 C.F.R. section 200.313(e).

Article 52 Prior Approval for Modification of Approved Budget

Before making any change to the FEMA approved budget for this award, a written request must be submitted and approved by FEMA as required by 2 C.F.R. section 200.308. For purposes of non-construction projects, FEMA is utilizing its discretion to impose an additional restriction under 2 C.F.R. section 200.308(i) regarding the transfer of funds among direct cost categories, programs, functions, or activities. For awards with an approved budget where the federal share is greater than the simplified acquisition threshold (currently \$250,000) and where the cumulative amount of such transfers exceeds

Department: Water Treatment

Net Financial Impact: \$994,340.00

Description: See attached memo. The Water Treatment Utility is requesting approval to increase the existing purchase order with Core & Main by \$994,340 for Project WA2402 – Advanced Metering Infrastructure (AMI). The increase accounts for 2,000 Sensus Ally meters at \$497.17 each that were ordered as part of the AMI project but were not included in the original Core & Main purchase order. The Ally meters were included as a unit-priced specialty meter in Core & Main’s competitively selected 2024 proposal. These meters provide remote shut-off capabilities that can be utilized by the Auditor’s Office to improve workflow and efficiency. The 2,000 Ally meters have already been ordered and delivered to the City, with many already installed. The AMI project was originally anticipated to take three years to complete but is significantly ahead of schedule, with more than 86% of the overall meter installation completed after approximately 21 months. The requested PO increase will properly account for the Ally meters as the City works toward completing the remaining portion of the AMI project.

At their meeting, FAHR endorsed this request.

Suggested Motion:

Approve increasing the Purchase Order to Core & Main for Project WA2402 by \$994,340.00 to account for the purchase of 2,000 Sensus Ally meters.

MEMORANDUM
August 9, 2026

To: FAHR Committee

From: Troy B. Hall, Water Utility Director *TBH*

Re: PO Increase for Project WA2402 – Advanced Metering Infrastructure (AMI)

The Advanced Metering Infrastructure (AMI) involves the installation of over 30,000 water meters City-wide and is ahead of schedule. The Water Utility is requesting a PO increase of \$994,340 for Project WA2402, Advanced Metering Infrastructure (AMI), to account for specialty meters ordered using unit pricing in the original 2024 Core & Main project proposal.

The Core & Main proposal was competitively selected in 2024 and approved the Fargo City Commission on April 1, 2024, for the overall AMI project. The initial Purchase Order setup for Core & Main did not include the cost of this specialty meter, called a Sensus Ally (Ally) meter (see attached 2024 Core & Main proposal with the unit cost for the Ally meter boxed in red).

The Sensus Ally (Ally) meter allows for remote shut off and turn on by the Auditor's Office, a branch of the Finance Department. There were 2,000 Ally meters ordered early in the AMI project at a cost of \$497.17 each, totaling \$994,340. The installation addresses for the Ally meters were provided by the Auditor's Office to optimize workflow efficiency. The Ally meters have been ordered and delivered to the City of Fargo with many of them already installed.

The AMI project was intended to have a 3-year installation timeline. However, the project is significantly ahead of schedule and installation of meters is over 86% complete after about 21 months. Most of the water meters to complete the AMI project have been delivered by Core & Main to the City of Fargo, having been installed or are stored in inventory waiting for installation. Since the project is so far along, the costs of the Sensus Ally meters are important to be included in the Purchase Order for Core & Main to allow work toward finishing the last 14% of the project.

Recommended Motion:

Approve increasing the Purchase Order for Core & Main by \$994,340 to account for the purchase of 2,000 Sensus Ally meters as a part of Project WA2402, Advanced Metering Infrastructure.

Your consideration in this matter is greatly appreciated.

Core & Main is proposing that the City of Fargo invest in our **“Right-Sizing Service”**. Right-sizing meters in water utilities ensures meters match the specific flow rates and usage patterns of each application/location. This practice aids your utility in **reducing water loss as well as revenue loss** due to inaccurately sized older large meters. Right-sizing **reduces the cost** to the utility of ownership and maintenance to the more appropriately sized meter and maintains a **higher accuracy and warranty for 20 years**.

(1) A.1 SOLID STATE METERS

Please see the proposed solution utilizing Solid State Meters below. This is Core & Main’s suggested solution to the City of Fargo.

RE: Acceptance of Fargo Police Foundation Donation for Crowd Management Team (CMT)

Dear City Commissioners,

The Fargo Police Department respectfully requests approval to accept a donation from the Fargo Police Foundation in the amount of \$70,185.00 to support the acquisition of specialized equipment to enhance the performance of the Fargo Police Department's Crowd Management Team. These funds were formally approved by the Fargo Police Foundation on July 21, 2026.

The Fargo Police Department Crowd Management has become a staple in operational readiness at special events, mass gatherings, and during first amendment demonstrations. Communication, specialty gear, and identification of CMT members is paramount for operational safety.

This approval will allow the Fargo Police Crowd Management Team to purchase communication headsets, respirator integrated comms microphones, elbow and knee impact protection, team identification patches, upgraded restraint systems, and a system to carry extra supplies of non-lethal equipment.

The total donation will fully cover the following costs:

- 35 Helmet Mounted Hearing Protection and Communication Systems-\$55,700
- 35 Avon Respirator Microphones-\$10,494.00
- 35 sets of Discrete Impact Protection (Elbow and Knee) \$1,682.00
- 6 Bandoliers \$384.00
- Team Identification Patches \$395.00
- Upgraded restraint systems \$2, 160.00

The headset communication systems, and respirator microphones followed a formal competitive process through RFQ26257 and RFQ2658, which generated three competitive bids for each product. Based on the results and experiences with each one of these companies, the preferred vendor for the headset communication system is Balco Uniforms and the preferred vendor for the respirator microphones is Streichers Inc.

This entire project will be fully funded through the generous donation of the Fargo Police Foundation. This initiative aligns directly with the Foundation's mission and vision to invest in staff wellness, enhance public safety, and strengthen police-community relationships by ensuring the Fargo Police Crowd Management Team meets national best practices. The Fargo Police Foundation demonstrated its commitment to providing the Fargo Police Department with tools to meet evolving public safety needs.

We appreciate the Committee's consideration and ongoing support of public safety efforts.

We respectfully request a motion to:

- Accept the \$70,105 donation into revenue account = 101-0000-365-85-00
- Utilize identified expense account line = 101-5045-411-74-10
- PD95 = project code to track all expenses related to this project
- Request for Quote # 26257 and # 26258

MEMORANDUM

To: F.A.H.R. Committee

From: LT Nate Nieman

Date: 08/06/2026

RE: Acceptance of the FY 2025 State Homeland Security Grant Program – CFDA 97.067

Background

The Fargo Police Department has been awarded **\$189,116.00** from the North Dakota Department of Emergency Services (NDDes) under the FY 2025 State Homeland Security Grant Program (SHSP) – Regional. The award supports equipment that sustains and enhances the operational capability of the Red River Valley SWAT Team. **There is no requirement for the City of Fargo to match any portion of this award; cost share is \$0.00.**

The State Homeland Security Grant Program assists state, local, tribal, and territorial efforts to build, sustain, and deliver the capabilities necessary to prevent, prepare for, protect against, and respond to acts of terrorism and other catastrophic events. Regional awards under this program fund shared capabilities that serve multiple jurisdictions rather than a single agency.

I respectfully request that the F.A.H.R. Committee recommend acceptance of this award and approval of the associated budget adjustment.

Regional Team Supported

The Red River Valley SWAT Team is a multi-agency regional tactical team hosted by the Fargo Police Department. Its primary operational area is the southeastern quarter of North Dakota and western Minnesota. The Team responds to high-risk incidents including warrant service and apprehensions, active threat and active shooter situations, barricaded subjects, hostage rescue, terrorism threats, dignitary protection, and high-risk security operations at special events.

Because SHSP – Regional funding carries no local cost share, this award delivers and sustains regional response capability at no cost to City of Fargo taxpayers.

Use of Funds

The award funds equipment supporting two areas of the Red River Valley SWAT Team mission:

Tactical Operations

- Personal protective equipment
- Night vision optics
- Team communications equipment
- Trauma supplies

Crisis Negotiations

- Cold-weather protective equipment
- Vehicle-mounted long-range communication equipment to facilitate negotiations
- Remotely operated equipment to establish situational awareness and reduce personnel exposure at high-risk scenes

This equipment improves the safety and effectiveness of Red River Valley SWAT Team personnel during high-risk incidents.

Program Context

This award represents the first year of a three-year strategic funding plan covering FY 2025 through FY 2027, which NDDDES requires of regional teams as the basis for annual project applications. It is a planned and previously scoped request rather than a new or unanticipated one.

NDDDES advised the Fargo Police Department on July 13, 2026 that FY 2025 awards for law enforcement projects had been delayed by a federal programmatic hold. That hold has since been released, which is why an FY 2025 award is being presented for acceptance in August 2026. The Notice of Grant Award is dated July 31, 2026.

Fiscal Administration

This is a reimbursement grant. The City of Fargo incurs eligible costs first and then submits reimbursement requests to NDDDES with supporting documentation. No funds are advanced to the City. Because the award exceeds \$100,000, it is classified as a major grant under the City of Fargo Grants Fiscal Cash Management Policy, which directs that major grants “be drawn upon a monthly basis, or as often as allowed per the grant agreement,”

with reimbursement requests processed and sent to the grantor within ten working days of the end of the month. Reimbursement requests will be submitted on that cadence for any month in which eligible costs are incurred. Grant activity will be tracked under project code PDES16 and managed in accordance with City of Fargo Grants Administrative Policy.

Any equipment meeting the City's capital asset threshold will be recorded on a Fixed Asset Addition Form at the time of purchase and reported on the grant inventory at closeout. Equipment acquired under this award remains subject to federal disposition requirements at 2 C.F.R. § 200.313 for the life of the property.

Procurement

All purchases will comply with City of Fargo Purchasing Policy and with federal procurement standards at 2 C.F.R. §§ 200.318 through 200.326. The NDDDES award letter states that "Projects with an aggregate cost of \$15,000 or more must obtain a minimum of three quotes (each from a different vendor)," that "Subrecipients must accept the quote from the vendor providing the lowest aggregate cost of the goods or services," that "Quotes must be obtained within the project period of performance," and that "Quotes obtained prior to the project period of performance, or after the work has already been completed will not be accepted."

The period of performance began July 31, 2026, so quotes may now be solicited. Quotes for this project will be obtained within the period of performance; any pricing gathered for planning purposes before that date will be re-quoted. Where applicable, quotes will be submitted to NDDDES for compliance review before any purchase is made. Any single purchase exceeding \$50,000 will be brought to the Board of City Commissioners for approval consistent with City purchasing policy.

Reporting and Grant Administration

Quarterly progress reports are required while the grant project is active and are due January 15, April 15, July 15, and October 15, with a final report due at closeout. City of Fargo Emergency Management will administer progress reporting, reimbursement requests, and project closeout in coordination with the Red River Valley SWAT Team, as it has done for prior State Homeland Security Grant Program - Regional awards to the Fargo Police Department.

Anticipated Timeline

The Notice of Grant Award is dated July 31, 2026 and directs that the acceptance steps be completed within ten days of that date. The award letter also states: "If you need additional time to obtain signatures due to local administrative requirements, please inform NDDDES within the 10-day period." NDDDES has been notified that additional time is needed to complete City review and signature.

Work on this grant will begin at the end of August 2026. The period of performance runs through August 31, 2028, and all activity, including procurement, receipt of equipment, reimbursement, and closeout, must be completed within that period.

Prior Grant Performance

The Fargo Police Department has administered prior State Homeland Security Grant Program – Regional awards on behalf of the Red River Valley SWAT Team and Red River Valley Bomb Squad, including the FY 2022 and FY 2023

awards, both of which have received signed closeout letters from NDDES. The FY 2024 award remains in its period of performance with quarterly progress reporting current.

Recommended Motion

1. Accept the FY 2025 State Homeland Security Grant Program – Regional award in the amount of \$189,116.00 and authorize the Mayor to sign and initial the North Dakota Department of Emergency Services Notice of Grant Award and Special Conditions.
2. Approve an adjustment to the Fargo Police Department budget as follows.

Federal Program Specific Terms and Conditions

Article 48 Environmental Planning and Historic Preservation (EHP) Review

DHS/FEMA funded activities that could have an impact on the environment are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires the subrecipient to comply with all federal, state, and local laws. DHS/FEMA is required to consider the potential impacts to natural and cultural resources of all projects funded by DHS/FEMA grant funds, through its EHP review process, as mandated by: the National Environmental Policy Act; Endangered Species Act; National Historic Preservation Act of 1966, as amended; Clean Water Act; Clean Air Act; National Flood Insurance Program regulations; and any other applicable laws, regulations, and executive orders. General guidance for FEMA's EHP process is available on the DHS/FEMA Website. Specific applicant guidance on how to submit information for EHP review depends on the individual grant program. Applicants should contact their grant Program Officer to be put into contact with EHP staff responsible for assisting their specific grant program. The FEMA EHP review process must be completed before funds are released to carry out the proposed project, otherwise, DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies. DHS/FEMA may also need to perform a project closeout review to ensure the

applicant complied with all required EHP conditions identified in the initial review. If ground disturbing activities occur during construction, the applicant will monitor the ground disturbance, and if any potential archaeological resources are discovered, the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA. EO 11988, Floodplain Management, and EO 11990, Protection of Wetlands, require that all federal actions in or affecting the floodplain or wetlands be reviewed for opportunities to relocate, and be evaluated for social, economic, historical, environmental, legal, and safety considerations. FEMA's regulations at 44 C.F.R. Part 9 implement the Eos and require an eight-step review process if a proposed action is in a floodplain or wetland or has the potential to affect or be affected by a floodplain or wetland. The regulation also requires that the federal agency provide public notice of the proposed action at the earliest possible time to provide the opportunity for public involvement in the decision-making process (44 C.F.R. § 9.8). Where there is no opportunity to relocate the federal action, FEMA is required to undertake a detailed review to determine what measures can be taken to minimize future damages to the floodplain or wetland.

Article 49 Applicability of DHS Standard Terms and Conditions to Tribal Nations

The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to sub-recipients as a matter of law, regulation, or executive order. If the requirement does not apply to Tribal Nations, or there is a federal law or regulation exempting its application to Tribal Nations, or there is a federal law or regulation exempting its application to Tribal Nations, then the acceptance by Tribal Nations, or acquiescence to DHS Standard Terms and Conditions does not change or alter its applicability to a Tribal Nation. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribal Nations where it does not already exist.

Article 50 Acceptance of Post Award Changes

In the event FEMA determines that an error in the award package has been made, or if an administrative change must be made to the award package, recipients will be notified of the change in writing. Once the notification has been made, any subsequent requests for funds will indicate recipient acceptance of the changes to the award.

Article 51 Disposition of Equipment Acquired Under the Federal Award

When original or replacement equipment acquired under this award is no longer needed for the original project or program or the other activities currently or previously supported by a federal awarding agency, the non-state recipient or subrecipient (including subrecipients of a State or Tribal Nation), must request instructions from FEMA to make proper disposition of the equipment pursuant to 2 C.F.R. section 200.313(e). State recipients must follow the disposition requirements in accordance with State laws and procedures. 2 C.F.R. section 200.313(b). Tribal Nations must follow the disposition requirements in accordance with Tribal laws and procedures noted in 2 C.F.R. section 200.313(b); and if such laws and procedures do not exist, then Tribal Nations must follow the disposition instructions in 2 C.F.R. section 200.313(e).

Article 52 Prior Approval for Modification of Approved Budget

Before making any change to the FEMA approved budget for this award, a written request must be submitted and approved by FEMA as required by 2 C.F.R. section 200.308. For purposes of non-construction projects, FEMA is utilizing its discretion to impose an additional restriction under 2 C.F.R. section 200.308(i) regarding the transfer of funds among direct cost categories, programs, functions, or activities. For awards with an approved budget where the federal share is greater than the simplified acquisition threshold (currently \$250,000) and where the cumulative amount of such transfers exceeds

or is expected to exceed ten percent (10%) of the total budget FEMA last approved, transferring funds among direct cost categories, programs, functions, or activities is unallowable without prior written approval from FEMA. For purposes of awards that support both construction and non-construction work, 2 C.F.R. section 200.308(f)(9) requires the recipient to obtain prior written approval from FEMA before making any fund or budget transfers between the two types of work. Any deviations from a FEMA approved budget must be reported in the first Federal Financial Report (SF-425) that is submitted following any budget deviation, regardless of whether the budget deviation requires prior written approval.

Article 53 Indirect Cost Rate

2 C.F.R. section 200.211(b)(16) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the indirect cost rate for the award is stated in the budget documents or other materials approved by FEMA and include in the award file.

Article 54 Build America, Buy America Act (BABAA) Required Contract Provisions & Self-Certification

In addition to the DHS Standard Terms & Conditions regarding Required Use of American Iron, Steel, Manufactured Products, and Construction Materials, recipients and subrecipients of FEMA financial assistance for programs that are subject to BABAA must include a Buy America preference contract provision as noted in 2 C.F.R. section 184.4 and a self-certification as required by the FEMA Buy America Preference in FEMA Financial Assistance Programs for Infrastructure (FEMA Interim Policy #207-22-0001). This requirement applies to all subawards, contracts, and purchase orders for work performed, or products supplied under the FEMA award subject to BABAA.

Article 55 Summary of Award and Subprograms

The purpose of the FY 2025 HSGP is to support state and local efforts to prevent terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. The HSGP provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal of a secure and resilient Nation. Among the five basic homeland security missions noted in the DHS Quadrennial Homeland Security Review, HSGP supports the goal to Strengthen National Preparedness and Resilience. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. This HSGP award consists of State Homeland Security Program (SHSP) funding and Operation Stonegarden (OPSG) funding. These grant programs fund a range of activities, including planning, organization, equipment purchase, training, and exercises across all core capabilities and mission areas.

Article 56 HSGP Performance Goals

In addition to the Biannual Strategy Implementation Report (BSIR) submission requirements outlined in the Preparedness Grants Manual, recipients must demonstrate how the grant-funded project addressed the core capability gap associated with this project and identified in the Threat and Hazard Identification and Risk Analysis (THIRA) or Stakeholder Preparedness Review (SPR) or sustains existing capabilities as applicable. The capability gap reduction must be addressed in the Project Description of the BSIR for each project.

Article 57 OPSG Program Performance Goals

In addition to the Biannual Strategy Implementation Report (BSIR) submission requirements outlined in the Preparedness Grants Manual, recipients must demonstrate how the grant-funded project addressed

the core capability gap associated with this project and identified in the Threat and Hazard Identification and Risk Analysis (THIRA) or Stakeholder Preparedness Review (SPR) or sustains existing capabilities as applicable. The capability gap reduction or capability sustainment must be addressed in the Project Description of the BSIR for each project.

RED RIVER VALLEY S.W.A.T.

To: FAHR Committee

From: LT Nate Nieman

Date: 08/04/2026

Re: Acceptance of Donation – OK Tire (Shawn Eggermont) / Red River Valley SWAT Team

The Red River Valley SWAT Team has identified upgrading the Ford F-450 Rook Truck tires and refinishing the wheels as a long-term operational priority. Since receiving the vehicle, the factory tires have repeatedly proven inadequate for the demanding environments in which the Rook Truck is deployed. SWAT operations frequently require travel through adverse weather, unimproved roads, mud, snow, and other challenging terrain. On multiple occasions, the Rook Truck and trailer have become stuck during deployments, requiring the Rook to be unloaded to recover the truck and trailer or additional recovery methods to be utilized. These situations have delayed operations and have the potential to negatively impact mission effectiveness during critical incidents.

One of our Crisis Negotiations Team Leaders discussed this operational need with Shawn Eggermont, Sales Manager at OK Tire. In appreciation for the work performed by the Red River Valley SWAT Team, Mr. Eggermont has generously offered to donate six (6) Sailun S740 Drive Tires (225/70R19.5), mounting and computer balancing, and powder coating of the four wheels at no cost to the City of Fargo or the SWAT Team.

The estimated value of the donated equipment and services is **\$1,953.68**, consisting of six tires (\$1,018.68), mounting and balancing (\$135.00), and powder coating of four wheels (\$800.00).

This donation will significantly improve the safety, reliability, and off-road capability of the Rook Truck while enhancing the team's ability to respond effectively to high-risk incidents throughout the Red River Valley.

On behalf of the Red River Valley SWAT Team, I respectfully request acceptance of this generous in-kind donation from OK Tire and Shawn Eggermont. We sincerely appreciate their commitment to supporting law enforcement and the safety of the communities we serve.

Recommended Motion:

Approve the acceptance of the in-kind donation from OK Tire, through Sales Manager Shawn Eggermont, consisting of six (6) Sailun S740 Drive Tires (225/70R19.5), mounting and balancing services, and powder coating of four (4) wheels, with an estimated total value of **\$1,953.68**, for use on the Red River Valley SWAT Team Ford F-450 Rook Truck.

This project was reviewed by the City's Planning and Development, Engineering, Public Works, and Fire Departments ("staff"), whose comments are included in this report.

Surrounding Land Uses and Zoning Districts:

- North: GC, General Commercial; self-service storage and MR-3, Multi-Dwelling Residential
- East: MR-3, Multi-Dwelling Residential; multi-dwelling structures and GC, General Commercial, with a C-O, Conditional Overlay; retail sales and service
- South: GC, General Commercial, with a C-O, Conditional Overlay; retail sales and service
- West: 36th Street South and Interstate 29 right-of-way.

Area Plans:

The Fargo Growth Plan 2024 designates the area of the subject property as "Mixed Commercial Office and Residential" place type. The existing zoning and proposed development are consistent with this land use designation. No zone change is proposed.

Context:

Schools: The subject property is located within the Fargo School District and is served by Ed Clapp Elementary, Discovery Middle, and Davies High schools.

Neighborhood: The subject property is located within the Bluemont Lakes neighborhood.

Parks: Ed Clapp Park, located at 2802 32nd Avenue South, is approximately a quarter of a mile east of the subject property and provides amenities of soccer fields and a playground for ages 5-12.

Pedestrian / Bicycle: Off-road shared-use paths are located along the west side of 36th Street South and the north side of 32nd Avenue South which is within a quarter mile of the subject property. Both paths are components of the metro area bikeways system.

MATBUS Route: MATBUS Routes 14 and 18 run along 33rd Street South and 32nd Avenue South with stops within a quarter of a mile of the subject property.

Staff Analysis:

The proposed plat will change the existing two lot subdivision into a three-lot minor subdivision entitled Christianson Companies 32nd Avenue South Fourth Addition.

EASEMENTS

On the requested subdivision, the existing 5' wide Electric Easement is intended to be relocated by the applicant with a separate document, who is still coordinating with Xcel Energy on the exact location for their utilities. This easement will be relocated to correlate with the proposed lot lines once this plat is approved. Additionally, a 30-foot wide ingress/egress and utility easement is being placed on a portion of the shared property line of lots 1 and 2. All other existing easements will carry through with this subdivision. The applicant has coordinated with Staff to update the existing amenities plan that addresses storm water management.

Minor Subdivision

The LDC stipulates that the following criteria are met before a minor subdivision can be approved:

1. **Section 20-0907.B.3 of the LDC stipulates that the Planning Commission recommend approval or denial of the application, based on whether it complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code. Section 20-0907.B.4 of the LDC further stipulates that a Minor Subdivision Plat shall not be approved unless it is located in a zoning district that allows**

the proposed development and complies with the adopted Area Plan, the standards of Article 20-06 and all other applicable requirements of the Land Development Code.

The current zoning is GC, General Commercial with a C-O, Conditional Overlay, and no zone change is proposed. This zoning is consistent with the "Mixed Commercial Office and Residential" place type of the Fargo Growth Plan 2024. In accordance with Section 20-0901.F of the LDC, notices of the proposed plat have been sent out to property owners within 300 feet of the subject property. To date, Planning staff has received no inquiries about the project. The project has been reviewed by the city's Planning, Engineering, Public Works, Inspections, and Fire Departments. These departments have found that the plat meets the standards of Article 20-06 and other applicable requirements of the Land Development Code.

(Criteria Satisfied)

2. Section 20-0907.C.4.f of the LDC stipulates that in taking action on a Final Plat, the Board of City Commissioners shall specify the terms for securing installation of public improvements to serve the subdivision.

While this section of the LDC specifically addresses only major subdivision plats, staff believes it is important to note that any improvements associated with the project (both existing and proposed) are subject to special assessments. Special assessments associated with the costs of the public infrastructure improvements are proposed to be spread by the front footage basis and storm sewer by the square footage basis as is typical with the City of Fargo assessment principles.

(Criteria Satisfied)

Staff Recommendation:

Suggested Motion: "To accept the findings and recommendations of the Planning Commission and staff and move to approve the proposed plat of the **Christianson 32nd Avenue South Fourth Addition**, as outlined within the staff report, as the proposal complies with the Fargo Growth Plan 2024, the standards of Article 20-06, Section 20-0907.B and C of the Land Development Code, and all other applicable requirements of the Land Development Code."

Planning Commission Recommendation: July 7th, 2026

At the July 7th, 2026 Planning Commission, that Commission, by a vote of 9-0 with two Commissioners absent, moved to accept the findings and recommendations of staff and recommended approval to the City Commission of the proposed plat of Christianson 32nd Avenue South Fourth Addition, as outlined within the staff report, as the proposal complies with the Fargo Growth Plan 2024, Standards of Article 20-06, and 20-0907 of the LDC, and all other applicable requirements of the LDC.

RE: Street Department Salt Brine Production System (PBC26269)

Commissioners,

For the past twenty-five years, the Street Department has used salt brine as one of our primary tools for managing winter road conditions. Effective use of salt brine requires a precise production process. To perform properly in cold temperatures, the mixture must maintain a 23.3% salt concentration. If the concentration is too high or too low, the product becomes ineffective. Because of this, the accuracy and reliability of the production system is critical.

Our current brine production equipment is fifteen years old and has reached the end of its service life. Key electronic components are no longer manufactured, and the internal computer system cannot be updated.

As part of the 2026 budget, funds were requested and approved for the replacement of the brine production system. The city's partnership with the cooperative purchasing agency, Sourcewell, was identified as a contract holder for brine production equipment. A review committee consisting of Corey Houim, Steve Gee, and myself evaluated the specifications of Sourcewell Contract #031423-HPI.

The committee's findings are as follows:

Model: Henderson Brinex Advantage

Unit Cost: \$173,083.50

Using Sourcewell for equipment procurement has consistently proven successful for the City of Fargo. By leveraging this contract, we secure significant cost savings compared to purchasing directly for the supplier.

RECOMMENDED MOTION: Using the piggyback purchase procurement (PBC26269) as provided for in the City of Fargo Purchasing Policy, I/we move to approve the purchase of one (1) Henderson Brinex Advantage Salt Brine Production System from Henderson Products Inc., totaling \$173,083.50.

Sincerely,

Ben Dow
Public Works Operations Director

RE: Request for Consideration of Ordinance Amendment to Article 8-10 - Parking Regulations

I am writing to request your consideration of an amendment to Article 8-10 - Parking Regulations. The proposed change would add language establishing winter parking restrictions on designated streets and avenues from 8:00 a.m. to 4:00 p.m., November 1 through April 15.

In September 2026, the Commission authorized the removal of overnight winter maintenance parking restrictions outside the central business district. At that time, staff indicated that the effects of this change would be monitored to determine whether additional winter maintenance parking restrictions might be warranted.

Following an evaluation of the impacts across affected neighborhoods, staff have identified a few areas where daytime parking restrictions are necessary to ensure adequate access for winter maintenance operations. These restrictions are essential to support efficient snow and ice management and to maintaining safe roadway conditions throughout the winter season.

RECOMMENDED MOTION: Move to direct the City Attorney's Office to work with the Public Works Department to review and add language to Article 8-10 reflecting new winter parking restrictions on designated streets and avenues from 8:00 a.m. to 4:00 p.m., November 1 through April 15.

Thank you for your consideration.

Sincerely,

Ben Dow

On February 7, 2025, a total of seven (7) proposals were received for the Request for Proposals for Snow Hauling Trucking Services (RFP25059). See attached bid tabulation. This contracted service is intended to provide trucking services to assist Public Works with snow and material hauling, and has been crucial to safe, efficient, and successful snow removal operations. As part of the 2025/2026 RFP, language was included that allows for two (2), one (1) year extensions under the original terms of the RFP.

The proposals were evaluated and Public Works staff recommended selection of four (4) contractors; Master Construction (two trucks), Lenzmeier Trucking Inc. (four trucks), Earthwork services Inc. - (c) The officer of Lessee executing this Lease has been duly authorized to execute and deliver this Lease under the terms and provisions of a resolution of Lessee's governing body, or by other appropriate official action.

(e) Lessee will not pledge, mortgage or assign this Lease, or its duties and obligations hereunder to any other person, firm or corporation except as provided under the terms of this Lease.

(f) Lessee will use the Equipment during the Lease Term only to perform the essential governmental functions needed by City of Fargo.

(g) Lessee will take no action that would cause the Interest portion of the Rental Payments to become includible in gross income of the recipient for federal income tax purposes under the Internal Revenue Code of 1986 (the Code) and Treasury Regulations promulgated thereunder (the Regulations), and Lessee will take and will cause its officers, employees and agents to take all affirmative actions legally within its power necessary to ensure that the Interest portion of the Rental Payments does not become includible in gross income of the recipient for federal income tax purposes under the Code and Regulations.

(h) Upon delivery and installation of the Equipment, Lessee will provide to Lessor a completed and executed copy of the Certificate of Acceptance attached hereto as Exhibit C.

(i) Lessee will submit to the Secretary of the Treasury an information reporting statement at the time and in the form required by the Code and the Regulations.

(a) Lessor is a corporation duly organized, existing and in good standing under and by virtue of the laws of the state of North Dakota, and is duly qualified and in good standing as a foreign corporation authorized to transact business in the State; has power to enter into this Lease; is possessed of full power to own and hold real and personal property, and to lease the same; and has duly authorized the execution and delivery of this Lease.

(b) Neither the execution and delivery of this Lease, nor the fulfillment of or compliance with the terms and conditions thereof, nor the consummation of the transactions contemplated thereby, conflicts with or results in a breach of the terms, conditions or provisions of any restriction or any agreement or instrument to which Lessor is now a party or by which Lessor is bound, constitutes a default under any of the foregoing, or results in the creation or imposition of any lien, charge or encumbrance whatsoever upon any of the property or assets of Lessor, or upon the Equipment except Permitted Encumbrances.

ARTICLE III

LEASE OF EQUIPMENT

Section 3.1. Lease. Lessor hereby leases the Equipment to Lessee, and Lessee hereby leases the Equipment from Lessor, upon the terms and conditions set forth in this Lease.

Section 3.2. Possession and Enjoyment. Lessor hereby covenants to provide Lessee during the Term of this Lease with the quiet use and enjoyment of the Equipment, and Lessee shall during the Term of this Lease peaceably and quietly have and hold and enjoy the Equipment, without suit, trouble or hindrance from Lessor, except as expressly set forth in this Lease. Lessor will, at the request of Lessee and at Lessee's cost, join in any legal action in which Lessee asserts its right to such possession and enjoyment to the extent Lessor lawfully may do so.

Section 3.3. Lessor Access to Equipment. The Lessee agrees that Lessor shall have the right at all reasonable times to examine and inspect the Equipment. Lessee further agrees that Lessor shall have such rights of access to the Equipment as may be reasonably necessary to cause the proper maintenance of the Equipment in the event of failure by Lessee to perform its obligations hereunder.

ARTICLE IV

TERM OF LEASE

Section 4.1. Lease Term. This Lease shall be in effect for a Term commencing upon its date of execution and ending as provided in Section 4.5.

Section 4.2. Termination by Lessee. In the sole event of Non-appropriation, Lessee shall have the right to terminate this Lease, in whole but not in part, at the end of any Fiscal Year of Lessee, in the manner and subject to the terms specified in this Section and Section 4.4. Lessee may effect such termination by giving Lessor a written notice of termination and by paying to Lessor any Rental Payments and other amounts which are due and have not been paid at or before the end of its then current Fiscal Year. Lessee shall endeavor to give notice of termination not less than sixty (60) days prior to the end of such Fiscal Year, and shall notify Lessor of any anticipated termination. In the event of termination of this Lease as provided in this Section, Lessee shall deliver possession of the Equipment to Lessor in accordance with Section 12.3, and shall convey to Lessor or release its interest in the Equipment within ten (10) days after the termination of this Lease.

Section 4.3. Intent to Continue Lease Term; Appropriations. Lessee presently intends to continue this Lease for its entire Term and to pay all Rental Payments specified in Exhibit B. The officer of Lessee responsible for preparation of Lessee's budget shall include in the budget request for each Fiscal Year the Rental Payments to become due in such Fiscal Year, and shall use all reasonable and lawful means available to secure the appropriation of money for such Fiscal Year sufficient to pay the Rental Payments coming due therein. Lessee reasonably believes that moneys in an amount sufficient to make all such Rental Payments can and will lawfully be appropriated and made available for this purpose.

Section 4.4. Effect of Termination. Upon termination of this Lease as provided in Section 4.2, Lessee shall not be responsible for the payment of any additional Rental Payments coming due with respect to succeeding Fiscal Years, but if Lessee has not delivered possession of the Equipment to Lessor in accordance with Section 12.3 and conveyed to Lessor or released its interest in the Equipment within ten (10) days after the termination of this Lease, the termination shall nevertheless be effective, but Lessee shall be responsible for the payment of damages in an amount equal to the amount of the Rental Payments thereafter coming due under Exhibit B which are attributable to the number of days after such ten (10) day period during which Lessee fails to take such actions and for any other loss suffered by Lessor as a result of Lessee's failure to take such actions as required.

Section 4.5. Termination of Lease Term. The Term of this Lease will terminate upon the occurrence of the first of the following events:

- (a) the termination thereof by Lessee in accordance with Section 4.2;
- (b) the exercise by Lessee of its option to purchase Lessor's interest in the Equipment pursuant to Article X;
- (c) a default by Lessee and Lessor's election to terminate this Lease pursuant to Article XII; or
- (d) the payment by Lessee of all Rental Payments and other amounts authorized or required to be paid by Lessee hereunder.

ARTICLE V

RENTAL PAYMENTS

Section 5.1. Rental Payments. Lessee agrees to pay Rental Payments during the Term of this Lease, in the amounts and on the dates specified in Exhibit B. All Rental Payments shall be paid to Lessor at its offices at the address specified in the first paragraph of this Lease, or to such other person or entity to which Lessor has assigned such Rental Payments as specified in Article XI, at such place as such assignee may from time to time designate by written notice to Lessee. Lessee shall pay the Rental Payments exclusively from moneys legally available therefor, in lawful money of the United States of America, to Lessor or, in the event of assignment of the right to receive Rental Payments by Lessor, to its assignee. Interest shall accrue from the first day of the calendar month in which the Certificate of Acceptance is executed.

Section 5.2. Current Expense. The obligations of Lessee under this Lease, including its obligation to pay the Rental Payments due with respect to the Equipment, in any Fiscal Year for which this Lease is in effect, shall constitute a current expense of Lessee for such Fiscal Year and shall not constitute an indebtedness of Lessee within the meaning of the Constitution and laws of the State. Nothing herein shall constitute a pledge by Lessee of any taxes or other moneys, other than moneys lawfully appropriated from time to time by or for the benefit of Lessee in the annual budget and the proceeds or Net Proceeds of the Equipment, to the payment of any Rental Payment or other amount coming due hereunder.

Section 5.3. Interest Component. A portion of each Rental Payment is paid as and represents the payment of Interest. Exhibit B sets forth the Interest component of each Rental Payment.

Section 5.4. Rental Payments to be Unconditional. Except as provided in Section 4.2, the obligation of Lessee to make Rental Payments or any other payments required hereunder shall be absolute and unconditional in all events. Notwithstanding any dispute between Lessee and Lessor or any other person, Lessee shall make all Rental Payments and other payments required hereunder when due and shall not withhold any Rental Payment or other payment pending final resolution of such dispute nor shall Lessee assert any right of set-off or counterclaim against its obligation to make such Rental Payments or other payments required under this Lease. Lessee's obligation to make Rental Payments or other payments during the Lease Term shall not be abated through accident or unforeseen circumstances. However, nothing herein shall be construed to release Lessor from the performance of its obligations hereunder; and if Lessor should fail to perform any such obligation, Lessee may institute such legal action against Lessor as Lessee may deem necessary to compel the performance of such obligation or to recover damages therefor.

ARTICLE VI

INSURANCE AND NEGLIGENCE

Section 6.1. Liability Insurance. Upon receipt of possession of the Equipment, Lessee shall take such measures as may be necessary to ensure that any liability for injuries to or death of any person or damage to or loss of property arising out of or in any way relating to the condition or the operation of the Equipment or any part thereof, is covered by a blanket or other general liability insurance policy maintained by Lessee. The Net Proceeds of all such insurance shall be applied toward extinguishment or satisfaction of the liability with respect to which any Net Proceeds may be paid.

Section 6.2. Property Insurance. Upon receipt of possession of the Equipment, Lessee shall have and assume the risk of loss with respect thereto. Lessee shall procure and maintain continuously in effect during the Term of this Lease, all-risk insurance, subject only to the standard exclusions contained in the policy, in such amount as will be at least sufficient so that a claim may be made for the full replacement cost of any part thereof damaged or destroyed and to pay the applicable Purchase Option Price of the Equipment. Such insurance may be provided by a rider to an existing policy or under a separate policy. Such insurance may be written with customary deductible amounts. The Net Proceeds of insurance required by this Section shall be applied to the prompt repair, restoration or replacement of the Equipment, or to the purchase of the Equipment, as provided in Section 6.6. Any Net Proceeds not needed for those purposes shall be paid to Lessee.

Section 6.3. Worker's Compensation Insurance. If required by State law, Lessee shall carry worker's compensation insurance covering all employees on, in, near or about the Equipment, and upon request, shall furnish to Lessor certificates evidencing such coverage throughout the Term of this Lease.

Section 6.4. Requirements For All Insurance. All insurance policies (or riders) required by this Article shall be taken out and maintained with responsible insurance companies organized under the laws of one of the states of the United States and qualified to do business in the State; and shall contain a provision that the insurer shall not cancel or revise coverage thereunder without giving written notice to the insured parties at least ten (10) days before the cancellation or revision becomes effective. All insurance policies or riders required by Sections 6.1 and 6.2 shall name Lessee and Lessor as insured parties, and any insurance policy or rider required by Section 6.3 shall name Lessee as insured party. Lessee shall deposit with Lessor policies (and riders) evidencing any such insurance procured by it, or a certificate or certificates of the respective insurers stating that such insurance is in full force and effect. Before the expiration of any such policy (or rider), Lessee shall furnish to Lessor evidence that the policy has been renewed or replaced by another policy conforming to the provisions of this Article, unless such insurance is no longer obtainable in which event Lessee shall notify Lessor of this fact.

Section 6.5. Lessee's Negligence. Lessee assumes all risks and liabilities, whether or not covered by insurance, for loss or damage to the Equipment and for injury to or death of any person or damage to any property, whether such injury or death be with respect to agents or employees of Lessee or of third parties, and whether such property damage be to Lessee's property or the property of others, which is proximately caused by the negligent conduct of Lessee, its officers, employees and agents. Lessee hereby assumes responsibility for and agrees to reimburse Lessor for all liabilities, obligations, losses, damages, penalties, claims, actions, costs and expenses (including reasonable attorney's fees) of whatsoever kind and nature, imposed on, incurred by or asserted against Lessor that in any way relate to or arise out of a claim, suit or proceeding based in whole or in part upon the negligent conduct of Lessee, its officers, employees and agents, to the maximum extent permitted by law.

Section 6.6. Damage to or Destruction of Equipment. If after delivery of the Equipment to Lessee all or any part of the Equipment is lost, stolen, destroyed or damaged beyond repair, Lessee shall as soon as practicable after such event either: (i) replace the same at Lessee's sole cost and expense with equipment of equal or greater value to the Equipment immediately prior to the time of the loss occurrence, such replacement equipment to be subject to Lessor's reasonable approval, whereupon such replacement shall be substituted in this Lease by appropriate endorsement; or (ii) pay the applicable Purchase Option Price of the Equipment as set forth in Exhibit B. Lessee shall notify Lessor of which course of action it will take within fifteen (15) days after the loss occurrence. If Lessee fails or refuses to notify Lessor within the required period, Lessor may, at its option, declare the applicable Purchase Option Price of the Equipment set forth in Exhibit B immediately due and payable, and Lessee shall be obligated to pay the same. The Net Proceeds of all insurance payable with respect to the Equipment shall be available to Lessee and shall be used to discharge Lessee's obligation under this Section. On payment of the Purchase Option Price, this Lease shall terminate and Lessee thereupon shall become entitled to the Equipment AS IS, WITHOUT WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR FITNESS FOR THE USE CONTEMPLATED BY LESSEE, except that the Equipment shall not be subject to any lien or encumbrance created by or arising through Lessor.

ARTICLE VII

OTHER OBLIGATIONS OF LESSEE

Section 7.1. Use; Permits. Lessee shall exercise due care in the installation, use, operation and maintenance of the Equipment, and shall not install, use, operate or maintain the Equipment improperly, carelessly, in violation of any State and Federal Law or for a purpose or in a manner contrary to that contemplated by this Lease. Lessee shall obtain all permits and licenses necessary for the installation, operation, possession and use of the Equipment. Lessee shall comply with all State and Federal Laws applicable to the installation, use, possession and operation of the Equipment, and if compliance with any such State and Federal Law requires changes or additions to be made to the Equipment, such changes or additions shall be made by Lessee at its expense.

Section 7.2. Maintenance of Equipment by Lessee. Lessee shall, at its own expense, maintain, preserve and keep the Equipment in good repair, working order and condition, and shall from time to time make all repairs and replacements necessary to keep the Equipment in such condition. Lessor shall have no responsibility for any of these repairs or replacements.

Section 7.3. Taxes, Other Governmental Charges and Utility Charges. Except as expressly limited by this Section, Lessee shall pay all taxes and other charges of any kind which are at any time lawfully assessed or levied against or with respect to the Equipment, the Rental Payments or any part thereof, or which become due during the Term of this Lease, whether assessed against Lessee or Lessor. Lessee shall also pay when due all gas, water, steam, electricity, heat, power, telephone, and other charges incurred in the operation, maintenance, use, occupancy and upkeep of the Equipment, and all special assessments and charges lawfully made by any governmental body for public improvements that may be secured by a lien on the Equipment; provided that with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, Lessee shall be obligated to pay only such installments as are required to be paid during the Term of this Lease as and when the same become due. Lessee shall not be required to pay any federal, state or local income, inheritance, estate, succession, transfer, gift, franchise, gross receipts, profit, excess profit, capital stock, corporate, or other similar tax payable by Lessor, its successors or assigns, unless such tax is made in lieu of or as a substitute for any tax, assessment or charge which is the obligation of Lessee under this Section.

Lessee may, at its own expense and in its own name, in good faith contest any such taxes, assessments, utility and other charges and, in the event of any such contest, may permit the taxes, assessments, utility or other charges so contested to remain unpaid during the period of such contest and any appeal therefrom unless Lessor shall notify Lessee that, in the opinion of Independent Counsel, by nonpayment of any such items the interest of Lessor in the Equipment will be materially endangered or the Equipment or any part thereof will be subject to loss or forfeiture, in which event Lessee shall promptly pay such taxes, assessments, utility or other charges or provide Lessor with full security against any loss which may result from nonpayment, in form satisfactory to Lessor.

Section 7.4. Advances. If Lessee shall fail to perform any of its obligations under this Article, Lessor may, but shall not be obligated to, take such action as may be necessary to cure such failure, including the advancement of money, and Lessee shall be obligated to repay all such advances on demand, with interest at the rate of 18% per annum or the maximum rate permitted by law, whichever is less, from the date of the advance to the date of repayment.

ARTICLE VIII

TITLE

Section 8.1. Title. During the Term of this Lease, and so long as Lessee is not in default under Article XII, legal title to the Equipment and any and all repairs, replacements, substitutions and modifications to it shall be in Lessee. Upon termination of this Lease for any of the reasons specified in Section 4.5, Clauses (a) and (c), full and unencumbered legal title to the Equipment shall pass to Lessor, and Lessee shall have no further interest therein. In either of such events, Lessee shall execute and deliver to Lessor such documents as Lessor may request to evidence the passage of legal title to the Equipment to Lessor and the termination of Lessee's interest therein, and upon request by Lessor shall deliver possession of the Equipment to Lessor in accordance with Section 12.3. Upon termination of this Lease for any of the reasons specified in Section 4.5, Clauses (b) and (d), Lessor's security or other interest in the Equipment shall terminate, and Lessor shall execute and deliver to Lessee such documents as Lessee may request to evidence the termination of Lessor's security or other interest in the Equipment.

Section 8.2. Security Interest. Lessor shall have and retain a security interest under the Uniform Commercial Code in the Equipment, the proceeds thereof and all repairs, replacements, substitutions and modifications thereto or thereof made pursuant to Section 8.5, in order to secure Lessee's payment of all Rental Payments due during the Term of this Lease and the performance of all other obligations herein to be performed by Lessee. If any portion of the Equipment shall constitute a vehicle, Lessor shall have authority, upon filing the manufacturer's certificate of origin for such Equipment, to require the notation of Lessor's security interest on any

applicable records and the certificate of title for such Equipment. Lessee will join with Lessor in executing such financing statements or other documents and will perform such acts as Lessor may request to establish and maintain a valid security interest in the Equipment. If requested by Lessor, Lessee shall conspicuously mark the Equipment with appropriate lettering, labels or tags, and maintain such markings during the Term of this Lease, so as clearly to disclose Lessor's security interest in the Equipment.

Section 8.3. Liens. During the Term of this Lease, Lessee shall not, directly or indirectly, create, incur, assume or suffer to exist any mortgage, pledge, lien, charge, encumbrance or claim on or with respect to the Equipment, other than the respective rights of Lessor and Lessee as herein provided and Permitted Encumbrances. Except as expressly provided in Section 7.3 and this Article, Lessee shall promptly, at its own expense, take such action as may be necessary duly to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim if the same shall arise at any time. Lessee shall reimburse Lessor for any expense incurred by Lessor in order to discharge or remove any such mortgage, pledge, lien, charge, encumbrance or claim.

Section 8.4. Installation of Lessee's Equipment. Lessee may at any time and from time to time, in its sole discretion and at its own expense, install other items of equipment in or upon the Equipment, which items shall be identified by tags or other symbols affixed thereto as property of Lessee. All such items so identified shall remain the sole property of Lessee, in which Lessor shall have no interest, and may be modified or removed by Lessee at any time provided that Lessee shall repair and restore any and all damage to the Equipment resulting from the installation, modification or removal of any such items. Nothing in this Lease shall prevent Lessee from purchasing items to be installed pursuant to this Section under a conditional sale or lease with option to purchase contract, or subject to a vendor's lien or security agreement, as security for the unpaid portion of the purchase price thereof, provided that no such lien or security interest shall attach to any part of the Equipment.

Section 8.5. Modification of Equipment. Lessee shall, at its own expense, have the right to make repairs to the Equipment, and to make repairs, replacements, substitutions and modifications to all or any of the parts thereof. All such work and any part or component used or installed to make a repair or as a replacement, substitution or modification, shall thereafter comprise part of the Equipment and be subject to the provisions of this Lease. Such work shall not in any way damage the Equipment or cause it to be used for purposes other than those authorized under the provisions of State and Federal Law or those contemplated by this Lease; and the Equipment, upon completion of any such work shall be of a value which is not less than the value of the Equipment immediately prior to the commencement of such work. Any property for which a replacement or substitution is made pursuant to this Section may be disposed of by Lessee in such manner and on such terms as are determined by Lessee. Lessee will not permit any mechanic's or other lien to be established or remain against the Equipment for labor or materials furnished in connection with any repair, replacement, substitution or modification made by Lessee pursuant to this Section; provided that if any such lien is established and Lessee shall first notify Lessor of Lessee's intention to do so, Lessee may in good faith contest any lien filed or established against the Equipment, and in such event may permit the items so contested to remain undischarged and unsatisfied during the period of such contest and any appeal therefrom unless Lessor shall notify Lessee that, in the opinion of Independent Counsel, by nonpayment of any such item the interest of Lessor in the Equipment will be materially endangered or the Equipment or any part thereof will be subject to loss or forfeiture, in which event Lessee shall promptly pay and cause to be satisfied and discharged all such unpaid items or provide Lessor with full security against any such loss or forfeiture, in form satisfactory to Lessor. Lessor will cooperate fully with Lessee in any such contest, upon the request and at the expense of Lessee.

Section 8.6. Personal Property. The Equipment is and shall at all times be and remain personal property notwithstanding that the Equipment or any part thereof may be or hereafter become in any manner affixed or attached to or embedded in or permanently rested upon real property or any building thereon or attached in any manner to what is permanent by means of cement, plaster, nails, bolts, screws or otherwise.

ARTICLE IX

WARRANTIES

Section 9.1. Selection of Equipment. The Equipment and the Contractor have been selected by Lessee, and Lessor shall have no responsibility in connection with the selection of the Equipment, its suitability for the use intended by Lessee, the acceptance by the Contractor or its sales representative of the order submitted, or any delay or failure by the Contractor or its sales representative to manufacture, deliver or install the Equipment for use by Lessee. Lessee authorizes Lessor to add the serial number of the Equipment to Exhibit A when available.

Section 9.2. Installation and Maintenance of Equipment. Lessor shall have no obligation to install, erect, test, inspect, service or maintain the Equipment under any circumstances, but such actions shall be the obligation of Lessee or the Contractor.

Section 9.3. Contractor's Warranties. Lessor hereby assigns to Lessee for and during the Term of this Lease, all of its interest in all Contractor's warranties and guarantees, express or implied, issued on or applicable to the Equipment, and Lessor hereby authorizes Lessee to obtain the customary services furnished in connection with such warranties and guarantees at Lessee's expense.

Section 9.4. Patent Infringement. Lessor hereby assigns to Lessee for and during the Term of this Lease all of its interest in patent indemnity protection provided by any Contractor with respect to the Equipment. Such assignment of patent indemnity protection by Lessor to Lessee shall constitute the entire liability of Lessor for any patent infringement by Equipment furnished pursuant to this Lease.

Section 9.5. Disclaimer of Warranties. THE EQUIPMENT IS DELIVERED AS IS, AND LESSOR MAKES NO WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, AS TO THE VALUE, DESIGN, CONDITION, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR FITNESS FOR THE USE CONTEMPLATED BY LESSEE OF THE EQUIPMENT, OR ANY OTHER REPRESENTATION OR WARRANTY WITH RESPECT TO THE EQUIPMENT.

ARTICLE X

OPTION TO PURCHASE

Section 10.1. When Available. Lessee shall have the option to purchase Lessor's interest in the Equipment on any Payment Date for the then applicable Purchase Option Price set forth in Exhibit B, but only if Lessee is not in default under this Lease, and only in the manner provided in this Article.

Section 10.2. Exercise of Option. Lessee shall give notice to Lessor of its intention to exercise its option not less than thirty (30) days prior to the Payment Date on which the option is to be exercised and shall deposit with Lessor on the date of exercise an amount equal to all Rental Payments and any other amounts then due or past due (including the Rental Payment due on the Payment Date on which the option is to be exercised) and the applicable Purchase Option Price set forth in Exhibit B. The closing shall be on the Payment Date on which the option is to be exercised at the office of Lessor.

Section 10.3. Release of Lessor's Interest. Upon exercise of the purchase option by Lessee, Lessor shall convey or release to Lessee, all of its right, title and/or interest in and to the Equipment by delivering to Lessee such documents as Lessee deems necessary for this purpose.

ARTICLE XI

ASSIGNMENT, SUBLEASING, MORTGAGING AND SELLING

Section 11.1. Assignment by Lessor. Lessor shall not assign its obligations under this Lease, and no purported assignment thereof shall be effective. All of Lessor's right, title and/or interest in and to this Lease, the Rental Payments and other amounts due hereunder and the Equipment may be assigned and reassigned in whole or in part to one or more assignees or subassignees by Lessor at any time, without the consent of Lessee. No such assignment shall be effective as against Lessee unless and until the assignor shall have filed with Lessee a copy or written notice thereof identifying the assignee. Lessee shall pay all Rental Payments due hereunder to or at the direction of Lessor or the assignee named in the most recent assignment or notice of assignment filed with Lessee. During the Lease Term Lessee shall keep a complete and accurate record of all such assignments. In the event Lessor

assigns participations in its right, title and/or interest in and to this Lease, the Rental Payments and other amounts due hereunder and the Equipment, such participants shall be considered to be Lessor with respect to their participated shares thereof.

Section 11.2. Assignment and Subleasing by Lessee. Neither this Lease nor Lessee's interest in the Equipment may be assigned by Lessee without the written consent of Lessor. However, the Equipment may be subleased by Lessee, in whole or in part, without the consent of Lessor, subject, however, to each of the following conditions:

- (i) This Lease and the obligation of Lessee to make Rental Payments hereunder, shall remain obligations of Lessee.
- (ii) The sublessee shall assume the obligations of Lessee hereunder to the extent of the interest subleased.
- (iii) Lessee shall, within thirty (30) days after the delivery thereof, furnish or cause to be furnished to Lessor a true and complete copy of such sublease.
- (iv) No sublease by Lessee shall cause the Equipment to be used for a purpose other than a governmental function authorized under the provisions of the Constitution and laws of the State.
- (v) No sublease shall cause the Interest component of the Rental Payments due with respect to the Equipment to become includible in gross income of the recipient for federal income tax purposes.

Section 11.3. Restriction on Mortgage or Sale of Equipment by Lessee. Except as provided in Section 11.2, Lessee will not mortgage, sell, assign, transfer or convey the Equipment or any portion thereof during the Term of this Lease, or remove any Equipment not constituting a vehicle from its boundaries, without the written consent of Lessor. Lessee shall not, without the written permission of Lessor, store or house any Equipment constituting a vehicle outside the corporate boundaries of Lessee.

ARTICLE XII

EVENTS OF DEFAULT AND REMEDIES

Section 12.1. Events of Default Defined. The following shall be "events of default" under this Lease and the terms "events of default" and "default" shall mean, whenever they are used in this Lease, with respect to the Equipment, any one or more of the following events:

- (i) Failure by Lessee to pay any Rental Payment or other payment required to be paid under this Lease at the time specified herein and the continuation of said failure for a period of three (3) days after telephonic or telegraphic notice given by Lessor that the payment referred to in such notice has not been received, such telephonic or telegraphic notice to be subsequently confirmed in writing, or after written notice.
- (ii) Failure by Lessee to observe and perform any covenant, condition or agreement on its part to be observed or performed, other than as referred to in Clause (i) of this Section, for a period of thirty (30) days after written notice specifying such failure and requesting that it be remedied has been given to Lessee by Lessor, unless Lessor shall agree in writing to an extension of such time prior to its expiration; provided, however, if the failure stated in the notice cannot be corrected within the applicable period, Lessor will not unreasonably withhold its consent to an extension of such time if corrective action is instituted by Lessee within the applicable period and diligently pursued until the default is corrected.

(iii) The filing by Lessee of a voluntary petition in bankruptcy, or failure by Lessee promptly to lift any execution, garnishment or attachment of such consequence as would impair the ability of Lessee to carry on its governmental function or adjudication of Lessee as a bankrupt, or assignment by Lessee for the benefit of creditors, or the entry by Lessee into an agreement of composition with creditors, or the approval by a court of competent jurisdiction of a petition applicable to Lessee in any proceedings instituted under the provisions of the Federal Bankruptcy Statute, as amended, or under any similar acts which may hereafter be enacted.

The provisions of this Section 12.1 and Section 12.2 are subject to the following limitation: if by reason of force majeure Lessee is unable in whole or in part to carry out its obligations under this Lease with respect to the Equipment, other than its obligation to pay Rental Payments with respect thereto which shall be paid when due notwithstanding the provisions of this paragraph, Lessee shall not be deemed in default during the continuance of such inability. The term "force majeure" as used herein shall mean, without limitation, the following: acts of God; strikes, lockouts or other labor disturbances; acts of public enemies; orders or restraints of any kind of the government of the United States of America or the State or their respective departments, agencies or officials, or any civil or military authority; insurrections; riots; landslides; earthquakes; fires; storms; droughts; floods; explosions; breakage or accident to machinery, transmission pipes or canals; or any other cause or event not reasonably within the control of Lessee and not resulting from its negligence. Lessee agrees, however, to remedy with all reasonable dispatch the cause or causes preventing Lessee from carrying out its obligations under this Lease; provided that the settlement of strikes, lockouts and other labor disturbances shall be entirely within the discretion of Lessee and Lessee shall not be required to make settlement of strikes, lockouts and other labor disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of Lessee unfavorable to Lessee.

Section 12.2. Remedies on Default. Whenever any event of default referred to in Section 12.1 hereof shall have happened and be continuing with respect to the Equipment, Lessor shall have the right, at its option and without any further demand or notice, to take one or any combination of the following remedial steps:

(i) Lessor, with or without terminating this Lease may declare all Rental Payments due or to become due during the Fiscal Year in effect when the default occurs to be immediately due and payable by Lessee, whereupon such Rental Payments shall be immediately due and payable.

(ii) Lessor, with or without terminating this Lease, may repossess the Equipment by giving Lessee written notice to deliver the Equipment to Lessor, whereupon Lessee shall do so in the manner provided in Section 12.3; or in the event Lessee fails to do so within ten (10) days after receipt of such notice, Lessor may enter upon Lessee's premises where the Equipment is kept and take possession of the Equipment and charge Lessee for costs incurred in repossessing the Equipment, including reasonable attorneys' fees. Lessee hereby expressly waives any damages occasioned by such repossession. If the Equipment or any portion of it has been destroyed or damaged beyond repair, Lessee shall pay the applicable Purchase Option Price of the Equipment, as set forth in Exhibit B (less credit for Net Proceeds), to Lessor. Notwithstanding the fact that Lessor has taken possession of the Equipment, Lessee shall continue to be responsible for the Rental Payments due during the Fiscal Year then in effect. If this Lease has not been terminated, Lessor shall return the Equipment to Lessee at Lessee's expense when the event of default is cured.

(iii) If Lessor terminates this Lease and takes possession of the Equipment, Lessor shall within thirty (30) days thereafter use its best efforts to sell the Equipment or any portion thereof in a commercially reasonable manner at public or private sale in accordance with applicable State laws. Lessor shall apply the proceeds of such sale to pay the following items in the following order: (a) all costs incurred in securing possession of the Equipment; (b) all expenses incurred in completing the sale; (c) the applicable Purchase Option Price of the Equipment; and (d) the balance of any Rental Payments owed by Lessee during the Fiscal Year then in effect. Any sale proceeds remaining after the requirements of Clauses (a), (b), (c) and (d) have been met may be retained by Lessor.

(iv) If the proceeds of sale of the Equipment are not sufficient to pay the balance of any Rental Payments owed by Lessee during the Fiscal Year then in effect, Lessor may take any other remedy available at law or in equity to require Lessee to perform any of its obligations hereunder.

Section 12.3. Return of Equipment. Upon the expiration or termination of this Lease prior to the payment of all Rental Payments in accordance with Exhibit B, Lessee shall return the Equipment to Lessor in the condition, repair, appearance and working order required in Section 7.2, in the following manner as may be specified by Lessor: (i) by delivering the Equipment at Lessee's cost and expense to such place within the State as Lessor shall specify; or (ii) by loading such portions of the Equipment as are considered movable at Lessee's cost and expense, on board such carrier as Lessor shall specify and shipping the same, freight prepaid, to the place specified by Lessor. If Lessee refuses to return the Equipment in the manner designated, Lessor may repossess the Equipment and charge to Lessee the costs of such repossession or pursue any remedy described in Section 12.2.

Section 12.4. No Remedy Exclusive. No remedy conferred upon or reserved to Lessor by this Article is intended to be exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Lease. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof but any such right and power may be exercised from time to time and as often as may be deemed expedient by Lessor or its assignee.

Section 12.5. Agreement to Pay Attorneys' Fees and Expenses. In the event either party to this Lease should default under any of the provisions hereof and the nondefaulting party should employ attorneys and/or incur other expenses for the collection of moneys or for the enforcement of performance or observance of any obligation or agreement on the part of the defaulting party herein contained, the defaulting party agrees that it will on demand therefor pay to the nondefaulting party the reasonable fee of such attorneys and/or such other reasonable expenses so incurred by the nondefaulting party. In the event that legal proceedings relating to this Lease (but not evidencing an action by a nondefaulting party against a defaulting party) are commenced in any court or before any other tribunal of competent jurisdiction, the legal fees and other reasonable costs and expenses of the prevailing party shall be paid by the nonprevailing party on demand of the prevailing party.

Section 12.6. Late Charge. Whenever any event of default referred to in Section 12.1, Clause (i) hereof shall have happened and be continuing with respect to the Equipment, Lessor shall have the right, at its option and without any further demand or notice, to require a late payment charge for each thirty (30) day period or part thereof during which such event of default occurs equal to four percent (4%) of the delinquent amount, and Lessee shall be obligated to pay the same immediately upon receipt of Lessor's written invoice therefor; provided, however, that this Section 12.6 shall not be applicable if or to the extent that the application thereof would affect the validity of this Lease.

ARTICLE XIII

Section 13.8. Execution in Counterparts. This Lease may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 13.9. Applicable Law. This Lease shall be governed by and construed in accordance with the laws of the State.

Re: Lease with Option to Purchase Agreement dated as of August 17, 2026, by and between
Kinetic Leasing, Inc. (Lessor) and City of Fargo (Lessee)

Ladies and Gentlemen:

I have acted as counsel to Lessee with respect to the Lease with Option to Purchase Agreement described above (the Lease) and various related matters, and in this capacity have reviewed a duplicate original or certified copy of the Lease and the Exhibits attached thereto. Based upon the examination of these and such other documents as I deem relevant, it is my opinion that:

1. Lessee is a political subdivision of the state of North Dakota (the State), duly organized, existing and operating under the Constitution and laws of the State.

2. Lessee is authorized and has power under applicable law to enter into the Lease, and to carry out its obligations thereunder and the transactions contemplated thereby.

3. The Lease has been duly authorized, approved, executed and delivered by and on behalf of Lessee, and is a valid and binding contract of Lessee enforceable in accordance with its terms, except to the extent limited by State and Federal laws affecting remedies and by bankruptcy, reorganization or other laws of general application relating to or affecting the enforcement of creditors' rights.

4. The authorization, approval and execution of the Lease and all other proceedings of Lessee relating to the transactions contemplated thereby have been performed in accordance with all applicable open meeting, public bidding and all other laws, rules and regulations of the State.

5. The execution of the Lease and the appropriation of moneys to pay the Rental Payments coming due thereunder do not result in the violation of any constitutional, statutory or other limitation relating to the manner, form or amount of indebtedness which may be incurred by Lessee.

6. There is no litigation, action, suit or proceeding pending or before any court, administrative agency, arbitrator or governmental body, that challenges the organization or existence of Lessee; the authority of Lessee or its officers or its employees to enter into the Lease; the proper authorization, approval and/or execution of the Lease, Exhibits thereto and other documents contemplated thereby; the appropriation of moneys to make Rental Payments under the Lease for the current fiscal year of Lessee; or the ability of Lessee otherwise to perform its obligations under the Lease and the transactions contemplated thereby.

7. Resolution of the governing body of Lessee, was duly and validly adopted by such governing body on August 17, 2026, and such resolution has not been amended or repealed and remains in full force and effect.

Notes: (1) Provide supplemental execution by any additional parties, such as joint venturers. (2) Any singular reference to Contractor, Surety, Owner, or other party is considered plural where applicable.	

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.
2. If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Paragraph 3.
3. If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond will arise after:
 - 3.1. The Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice may indicate whether the Owner is requesting a conference among the Owner, Contractor, and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Paragraph 3.1 will be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor, and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement does not waive the Owner's right, if any, subsequently to declare a Contractor Default;
 - 3.2. The Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and
 - 3.3. The Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.
4. Failure on the part of the Owner to comply with the notice requirement in Paragraph 3.1 does not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.
5. When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:
 - 5.1. Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;
 - 5.2. Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;
 - 5.3. Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or
 - 5.4. Waive its right to perform and complete, arrange for completion, or obtain a new contractor, and with reasonable promptness under the circumstances:

- 5.4.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner, or
- 5.4.2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial
6. If the Surety does not proceed as provided in Paragraph 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Paragraph 5.4, and the Owner refuses the payment, or the Surety has denied liability in whole or in part, without further notice, the Owner shall be entitled to enforce any remedy available to the Owner.
7. If the Surety elects to act under Paragraph 5.1, 5.2, or 5.3, then the responsibilities of the Surety to the Owner will not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety will not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication for:
- 7.1. the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;
- 7.2. additional legal, design professional, and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 5; and
- 7.3. liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.
8. If the Surety elects to act under Paragraph 5.1, 5.3, or 5.4, the Surety's liability is limited to the amount of this Bond.
9. The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price will not be reduced or set off on account of any such unrelated obligations. No right of action will accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors, and assigns.
10. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.
11. Any proceeding, legal or equitable, under this Bond must be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and must be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum periods of limitations available to sureties as a defense in the jurisdiction of the suit will be applicable.
12. Notice to the Surety, the Owner, or the Contractor must be mailed or delivered to the address shown on the page on which their signature appears.
13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement will be deemed deleted therefrom and provisions conforming to such

statutory or other legal requirement will be deemed incorporated herein. When so furnished, the intent is that this Bond will be construed as a statutory bond and not as a common law bond.

1. The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors, and assigns to the Owner to pay for labor, materials, and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.
2. If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies, and holds harmless the Owner from claims, demands, liens, or suits by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.
3. If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond will arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 13) of claims, demands, liens, or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials, or equipment furnished for use in the performance of the Construction Contract, and tendered defense of such claims, demands, liens, or suits to the Contractor and the Surety.
4. When the Owner has satisfied the conditions in Paragraph 3, the Surety shall promptly and at the Surety's expense defend, indemnify, and hold harmless the Owner against a duly tendered claim, demand, lien, or suit.
5. The Surety's obligations to a Claimant under this Bond will arise after the following:
 - 5.1. Claimants who do not have a direct contract with the Contractor
 - 5.1.1. have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and
 - 5.1.2. have sent a Claim to the Surety (at the address described in Paragraph 13).
 - 5.2. Claimants who are employed by or have a direct contract with the Contractor have sent a Claim to the Surety (at the address described in Paragraph 13).
6. If a notice of non-payment required by Paragraph 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Paragraph 5.1.1.
7. When a Claimant has satisfied the conditions of Paragraph 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:
 - 7.1. Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and
 - 7.2. Pay or arrange for payment of any undisputed amounts.
 - 7.3. The Surety's failure to discharge its obligations under Paragraph 7.1 or 7.2 will not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Paragraph 7.1 or 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

8. The Surety's total obligation will not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Paragraph 7.1, and the amount of this Bond will be reduced for any payments made in good faith by the Surety.
9. Amounts owed by the Owner to the Contractor under the Construction Contract will be used for the performance of the Construction Contract and to satisfy claims, if any, under any performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are directed to satisfying obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.
10. The Surety shall not be liable to the Owner, Claimants, or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to or give notice on behalf of Claimants, or otherwise have any obligations to Claimants under this Bond.
11. The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders, and other obligations.
12. No suit or action will be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Paragraph 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit will be applicable.
13. Notice and Claims to the Surety, the Owner, or the Contractor must be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, will be sufficient compliance as of the date received.
14. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement will be deemed deleted here from and provisions conforming to such statutory or other legal requirement will be deemed incorporated herein. When so furnished, the intent is that this Bond will be construed as a statutory bond and not as a common law bond.

Jordan Smith, Assistant Transit Director
(Publish Date August 5, 2026 and August 12, 2026)

TO: FAHR Committee

FROM: Fire Chief Gary Lorenz

DATE: 7/27/2026

SUBJECT: Reallocation of Capital Funds

In the 2026 Fire Department Budget account 475-4010-510.74-10, a Mobile Ventilation Prop (\$100,000) and a Mobile Auto Extrication Prop (\$21,500) are identified.

Since the 2026 budget was developed, the city has acquired property for new fire department training facility, and we are currently working to identify an architect/engineering firm to develop conceptual designs and cost estimates for developing this property. Therefore, I do not believe it would be prudent to purchase these two items that may not fit into upcoming training facilities and props. Once the funds are available, the Fargo Fire Department team will follow all applicable City of Fargo purchasing policies.

I am requesting that these funds be reallocated for the following items:

- Shipping containers to be used for live burn training - approximately \$45,500
 - Includes the purchase of shipping containers and associated setup costs.
 - Due to the poor condition of the current live-burn training facility, the container assembly would provide an interim training solution until a permanent live-burn structure is constructed as part of the future training facility.
 - As the new training facility becomes operational, the Fargo Fire Department will seek opportunities to repurpose the shipping containers for other training, equipment storage, or operational needs to maximize their long-term value to the City.
- Staff vehicle – approximately \$40,000
 - This was requested in the 2027 budget but not funded.
 - Vehicle to be housed out of Fire Station 1 for administrative staff for City business, including travel to training, meetings, and other work-related activities in and outside of Fargo.
- UTV – approximately \$36,000
 - This will be a shared-use utility vehicle for multiple purposes such as grass and brush fires in hard-to-reach locations, emergency response at events such as NDSU tailgating and the street fair, and movement of personnel and equipment at the new training location.

Recommended Motion:

Move to approve the use of the budgeted \$121,500 in existing 2026 Fire Department capital funds, account 475-4010-510.74-10, originally identified for the Mobile Ventilation Prop and Mobile Auto Extrication Prop, for equipment needs that have become a higher priority during 2026, including temporary live-burn training containers and associated setup, an additional staff vehicle, and a utility terrain vehicle (UTV). All expenditures will remain within the existing approved budget and be completed in accordance with applicable City purchasing policies and procurement requirements.

Report of Action:
FAHR Meeting of July 27, 2026

- ☐ Purchase Policy
- ☐ Budget Adjustment/Reallocation

Department: Fire

Net Financial Impact: \$0

Description:

See attached memo.

At this time, FAHR recommends approval of the reallocation for the temporary live-burn training shipping containers and the utility terrain vehicle (UTV). FAHR believes these items address immediate operational and training needs while remaining consistent with the Fire Department's long-term planning efforts for the future training facility.

FAHR is not recommending approval of the requested staff vehicle at this time. The Committee intends to review that request at a later date following a broader evaluation of the Fire Department's vehicle fleet and future fleet needs to ensure the request aligns with the City's overall fleet strategy and operational priorities.

Suggested Motion:

Move to approve the use of existing 2026 Fire Department capital funds, account 475-4010-510.74-10, originally budgeted for the Mobile Ventilation Prop and Mobile Auto Extrication Prop, for the purchase of temporary live-burn training shipping containers and associated setup, and a utility terrain vehicle (UTV). All expenditures shall remain within the existing approved 2026 budget.

Re: Acceptance of Wrigley Family Donation for Red River Valley SWAT Equipment

The Wrigley Family has generously donated **\$20,000** to the City of Fargo for the benefit of the Red River Valley SWAT Team to support our ongoing efforts to serve and protect the communities we represent. The family requested that the donation be used for protective equipment or other needs that enhance the safety and effectiveness of the team.

After discussing the team's current needs with the Wrigley Family, we shared our plan to use these funds to complete the transition of our SWAT sniper team from aging and outdated weapon systems to modern, reliable platforms. The family fully supported this proposal and understood the importance of providing our personnel with dependable, lifesaving equipment that enhances both officer safety and operational effectiveness.

At this time, I respectfully request that the donated funds be accepted and transferred into the Red River Valley SWAT General Supplies expense account (216-5016-411.61-40). Once the funds are available, the Red River Valley SWAT Team will follow all applicable City of Fargo purchasing policies. When the project is ready to move forward, we will complete the required Request for Quote (RFQ) process and comply with all City procurement requirements before making any purchases.

On behalf of the Red River Valley SWAT Team, I would like to express our sincere appreciation to the Wrigley Family for their generosity and commitment to supporting the safety of our officers and the communities we serve.

Recommended Motion:

Approve the acceptance of the Wrigley Family donation and transfer the funds to the 2026 Operating Budget.
